INSTRUCTIONS FOR COMPLETION OF DD FORM 1659		
GENERAL. This form will be used to obtain: (a) Government Bills of Lading under FOB origin contracts, (b) a Domestic Route Order under FOB origin contracts, (c) an Export Traffic Release regardless of FOB terms, or (d) FMS shipment instructions, in compliance with DoD regulations and procedures. Prepare separate forms for each contract/purchase order or destination. To ensure that shipments are accomplished in accordance with contract delivery schedule, application(s) should be submitted in duplicate, at least 10 days in advance of actual shipping date, to the Transportation Office of the contract administration office. Applications must be submitted 15 days in advance for FMS shipments. To avoid excess cost, do not order or load carrier's equipment until routing instructions are received. Export shipments require marking in accordance with MIL-STD-129, "Marking for Shipment and Storage." Markings should not be applied until complete and accurate shipment information has been provided by the Transportation Office.		
Items 1, 3, 4, 24, 25, and 27 through 31 are self-explanatory. 2. Leave blank. The transportation office will complete if necessary. 5. Enter the city, town or point, state and ZIP Code, according to the shipping mode when the destination is located in CONUS. Show the address found in the contract if the destination is overseas. Identify a water terminal only when the contract terms are FOB/FAS Port. 6. Specify the SPLC, if known, for the CONUS destination shown in Item 5. Leave blank for overseas destinations. 7. Enter the SPLC for the origin point in Item 8. 8. Designate the actual location where shipment will be tendered to a carrier. 9. Enter the name and address of the ultimate consignee shown in the contract. Do not show a POE. 10. Record the 6-digit DoDAAC assigned to the ultimate consignee as found in the contract. The DoDAAC should be identical to the one which will be recorded in Item 13, DD Form 250. 11. Annotate the CAGE Code assigned to the actual shipper. Show the CAGE Code for a packaging facility if the shipment will be tendered at that location. 12. Enter the name of the actual shipper, prime or subcontractor as appropriate, and address if different from Item 8. 13. Identify data shown in the contract which affects marking, transportation, delivery, and export of packages or shipping containers. 14. Specify the earliest date your shipment can be tendered to a carrier.	15. Enter a date only when specific instructions indicate the shipment must be delivered on or before that date. 16. Indicate the TP or the IPG for the shipment as stated in the contract or shipping instructions. If not available, leave blank. 17. Enter type and size of equipment needed to accommodate a full load. 18. Enter any special handling or protective instructions required for hazardous, sensitive, or classified material, temperature limitations, fragility, etc. FOR TRANSPORTATION OFFICES: Add transit information for a route order request, if appropriate. 19. Show the rail carrier including the SCAC serving the origin point. FOR TRANSPORTATION OFFICES: Complete consignee information when applicable. 20. The appropriate statement MUST be marked. If shipment contains hazardous material, enter PSN in accordance with 49 CFR, Section 172.101 and UN/NA number(s). 21. Enter data as described. Totals in line g. must describe entire shipment. Include unit of packaging in column b.; e.g., "30/COS." Be sure to state dimensions in INCHES. 22. Enter the PII number. Specify also the delivery order number when added to the basic contract or the shipping authority when different than the contract. 23. Indicate the FOB term (<i>origin, destination, etc.</i>) as stated in the contract. 26. Record necessary data not otherwise shown. If the application covers multiple shipments, specify the number of the shipments, total weight and cube for each shipment, transportation priority, and dates shipments will be available.
