

Public Burden Statement: To help us plan for future conferences, please let us know about your overall experience by completing this brief conference evaluation. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. This information collection is voluntary. Public reporting burden for this collection of information is estimated to average 0.083 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

VIRTUAL 2022 NATIONAL RYAN WHITE CONFERENCE ON HIV CARE AND TREATMENT EVALUATION

We hope you enjoyed your experience at the Virtual 2022 National Ryan White Conference on HIV Care & Treatment! Our objectives were to provide a conference with opportunities for participants to:

- Learn the latest scientific and programmatic advancements from leaders in the field;
- Identify strategies that enhance recipients' programmatic and fiscal knowledge;
- Form collaborations and partnerships; and
- Share best practice models and innovative strategies.

To help us plan for future conferences, please let us know about your overall experience by completing this brief conference evaluation. Thank you!
