Abstract: This control number applies to the exploration, development, and utilization of oil shale resources on the BLM-managed public lands. Currently, the only oil shale leases issued by the BLM are research, development, and demonstration (RD&D) leases. However, the BLM regulations provide a framework for commercial oil shale leasing and additionally include provisions for conversion of RD&D leases to commercial leases. Section 369 of the Energy Policy Act (42 U.S.C. 15927) addresses oil shale development and authorizes the Secretary of the Interior to establish regulations for a commercial leasing program for oil shale. The Mineral Leasing Act of 1920 (30 U.S.C. 241(a)) provides the authority for the BLM to allow for the exploration, development, and utilization of oil shale resources on the BLM-managed public lands. Additional statutory authorities for the oil shale program are: (1) The Mineral Leasing Act for Acquired Lands of 1947 (30 U.S.C. 351–359); and (2) The Federal Land Policy and Management Act (FLPMA) of 1976 (43 U.S.C. 1701 *et seq.*, including 43 U.S.C. 1732). OMB Control Number 1004–0201 is currently scheduled to expire on June 30, 2024. The BLM request that OMB renew this OMB control number for an additional three (3) years.
