#### Privacy Act of 1974; Amendments to Existing Systems of Records

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Proposed amendment of existing Privacy Act systems of records.

**SUMMARY:** In accordance with the Privacy Act of 1974 (5 U.S.C. 552a), the Bureau of Land Management of the Department of the Interior is issuing public notice of its intent to amend 27 existing Privacy Act system of records

**DATES:** Comments must be received by May 12, 2008.

**ADDRESSES:** Any persons interested in commenting on these proposed amendments may do so by submitting comments in writing to the Bureau of Land Management, Privacy Act Program Manager, Laura F. Bell, 1849 C Street, NW., 750 LS, WO 560, Washington, DC 20240, or e-mail: [lfbell@blm.gov](mailto:lfbell@blm.gov).

**FOR FURTHER INFORMATION CONTACT:** Bureau of Land Management, Privacy Act Program Manager, Laura F. Bell, U.S. Department of the Interior, 1849 C Street, NW., 750 LS, WO 560, Washington, DC 20240, or e-mail: [lfbell@blm.gov](mailto:lfbell@blm.gov).

**SUPPLEMENTARY INFORMATION:** On May 22, 2007, in a memorandum for the heads of Executive Departments and Agencies entitled "Safeguarding Against and Responding to the Breach of Personally Identifiable Information," the Office of Management and Budget directed agencies to develop and publish a routine use for disclosure of information in connection with response and remedial efforts in the event of a data breach. This routine use will serve to protect the interests of the individual, whose information is at issue by allowing agencies to take appropriate steps to facilitate a timely and effective response to the breach, thereby improving its ability to prevent, minimize, or remedy any harm resulting from a compromise of data maintained in its systems of records. Accordingly, the Bureau of Land Management of the Department of the Interior is proposing to add a new routine use to authorize disclosure to appropriate agencies, entities, and persons, of information maintained in the following systems in the event of a data breach. These amendments will be effective as proposed at the end of the comment period unless comments are received which would require a contrary determination. The Department will publish a revised notice if changes are made based upon a review of comments received.
