

Supplemental Document: Justification for a no material/non-substantive change

ATF requests approval to make the following changes to OMB 1140-0124 (Description of Firearm and Information on Request for Demonstration – ATF F 5320.24):

- Administrative error corrected – The Form title in the official record keeping system (ROCIS) reflects the forms old title “*Request for Restricted 922(o) Machine Gun (National Firearms Act)*”. The title of the form must be updated in the system to reflect the correct title of the form: “*Description of Firearm and Information on Request for Demonstration*”.
