*An apprentice's disclosure of their social security number is voluntary. The Department of Labor collects apprentice social security numbers under the authority of the National Apprenticeship Act. The apprentice's social security number will be used for program management purposes, such as verification of the apprentice's period of employment and earnings to align with Department of Labor's job training and employment program performance indicators for measuring performance outcomes. The Office of Apprenticeship will use wage records through the State Wage Interchange System, which needs the apprentice's social security number to match this number against the employers' wage records. Also, the apprentice's social security number will be used, if appropriate, for purposes of the Davis Bacon Act of 1931, as amended, U.S. Code Title 40, Sections 276a to 276a-7, and Title 29 CFR part 5, to verify and certify to the U.S. Department of Labor, Wage and Hour Division, that the apprentice is a registered apprentice to ensure that the employer is complying with the geographic prevailing wage of the occupational classification. Failure to disclose an apprentice's social security number on this form will not affect the right to be registered as an apprentice.
