

**Request for Approval under the “DOL Departmental Generic Clearance for the Collection of Routine Customer Feedback”
(OMB Control Number: 1225-0088)**

TITLE OF INFORMATION COLLECTION: National Longitudinal Survey of Youth Needs Assessment for Proposed NLSY26 Focus Groups

PURPOSE:

The purpose of this request for approval under the existing generic clearance 1225-0088 is for a series of six focus groups to gather feedback on a possible new cohort of the National Longitudinal Survey of Youth (NLSY). BLS would like to obtain feedback from stakeholders regarding how changes in society, culture, family, health, education, work, and technology (amongst others) may impact the design and content of the next cohort. This information will be used to guide future design and data collections efforts on the proposed NLSY26 cohort.

The National Survey of Youth is a nationally representative longitudinal survey which collects data on labor, education, and general life experiences to understand how an entire generation of Americans experience the workforce.

The Survey is sponsored by the Bureau of Labor Statistics (BLS) within the Department of Labor. Many agencies rely on the NLSY to inform policy decisions related to the U.S. workforce.

Please note this request is for the first round of a total of six focus groups. BLS will provide additional submissions for the subsequent focus groups on a flow basis to improve upon each round. Please see tentative schedule for each additional submission below.
