(a) *Initial period.* The standard FEMA registration period is 60 days following the date that the President declares an incident a major disaster or an emergency.

(b) *Extension of the registration period.* The regional director or his/her designee may extend the registration period when the State requests more time to collect registrations from the affected population. The Regional Director or his/her designee may also extend the standard registration period when necessary to establish the same registration deadline for contiguous counties or States.

(c) *Late registrations.* After the standard or extended registration period ends, FEMA will accept late registrations for an additional 60 days.
