Dear <RANK_NAME> <FNAME> <LNAME> <PNCDNCY>:

We really do read your survey responses and have not yet heard from you on the December 2023 Health Care Survey of Department of Defense Beneficiaries. This survey asks about your experiences getting health care services through TRICARE. Without your feedback, we have no way of knowing which elements of health care services we should keep the same or what should change. We report the feedback we receive to Congress and also use it to inform future changes to the TRICARE benefit. This is different from other TRICARE surveys you may have received. If you have already completed this survey, we thank you very much for your time. If not, there is still time to reply.

REPLY TODAY!

This will take you to the survey home page, which looks like the image below. Once there, **enter your password** to begin the survey.

Frequently Asked Questions

What is this survey about?

This survey is not about a particular health care visit, but about your health care experiences overall. Even if you don't use TRICARE now, either on a military installation or in a civilian provider's office, we still want to understand your health care experiences.

Why should I respond to this Survey?

We need your responses, not just responses from other people. The results are used to evaluate the services you have received in meeting your health care needs either through TRICARE or any other health insurance plan. Your feedback will benefit not only you and your family, but also other fellow military families. DoD takes this survey very seriously and your input is truly critical to our efforts.

What happens to my answers?

Your answers will be kept confidential, and the survey vendor DoD has contracted with to field this survey will not share any information that could identify you. Your participation is voluntary and will not affect your health benefits.

Who do I contact if I want more information before responding?

If you have questions about the survey or don't want to participate, please send an email to HCSDB@altarum.org; or please call **1-866-387-9011**. For prompt assistance, please include your survey ID number. For questions related to TRICARE, please go to www.tricare.mil/contactus, or for the East Region call 1-800-444-5445, West Region call 1-844-866-9378.
