

**Section 1115 SMI/SED Demonstration Implementation Plan**  
**July 23, 2019**

**Overview:** The implementation plan documents the state’s approach to implementing SMI/SED demonstrations. It also helps establish what information the state will report in its quarterly and annual monitoring reports. The implementation plan does not usurp or replace standard CMS approval processes, such as advance planning documents, verification plans, or state plan amendments.

This template only covers SMI/SED demonstrations. The template has three sections. Section 1 is the uniform title page. Section 2 contains implementation questions that states should answer. The questions are organized around six SMI/SED reporting topics:

1. Milestone 1: Ensuring Quality of Care in Psychiatric Hospitals and Residential Settings
2. Milestone 2: Improving Care Coordination and Transitioning to Community-Based Care
3. Milestone 3: Increasing Access to Continuum of Care, Including Crisis Stabilization Services
4. Milestone 4: Earlier Identification and Engagement in Treatment, Including Through Increased Integration
5. Financing Plan
6. Health IT Plan

State may submit additional supporting documents in Section 3.

**Implementation Plan Instructions:** This implementation plan should contain information detailing state strategies for meeting the specific expectations for each of the milestones included in the State Medicaid Director Letter (SMDL) on “Opportunities to Design Innovative Service Delivery Systems for Adults with [SMI] or Children with [SED]” over the course of the demonstration. Specifically, this implementation plan should:

1. Include summaries of how the state already meets any expectation/specific activities related to each milestone and any actions needed to be completed by the state to meet all of the expectations for each milestone, including the persons or entities responsible for completing these actions; and
2. Describe the timelines and activities the state will undertake to achieve the milestones.

The tables below are intended to help states organize the information needed to demonstrate they are addressing the milestones described in the SMDL. States are encouraged to consider the evidence-based models of care and best practice activities described in the first part of the SMDL in developing their demonstrations.

The state may not claim FFP for services provided to Medicaid beneficiaries residing in IMDs, including residential treatment facilities, until CMS has approved a state’s implementation plan.

Medicaid Section 1115 SMI/SED Demonstration Implementation Plan

[State] [Demonstration Name]

[Demonstration Approval Date]

Submitted on [Insert Date]

---

**Memorandum of Understanding:** The state Medicaid agency should enter into a Memorandum of Understanding (MOU) or another formal agreement with its State Mental Health Authority, if one does not already exist, to delineate how these agencies will work with together to design, deliver, and monitor services for beneficiaries with SMI or SED. This MOU should be included as an attachment to this Implementation Plan.

**State Point of Contact:** Please provide the contact information for the state's point of contact for the implementation plan.

Name and Title:

Telephone Number:

Email Address:

**1. Title page for the state’s SMI/SED demonstration or SMI/SED components of the broader demonstration**

*The state should complete this transmittal title page as a cover page when submitting its implementation plan.*

| <b>Demonstration name</b>  | <i>Enter full demonstration name as listed in the demonstration approval letter.</i>                   |
| <b>Approval date</b>       | <i>Enter approval date of the demonstration as listed in the demonstration approval letter.</i>        |
| <b>Approval period</b>     | <i>Enter the entire approval period for the demonstration, including a start date and an end date.</i> |
| <b>Implementation date</b> | <i>Enter implementation date(s) for the demonstration.</i>   |

**2. Required implementation information, by SMI/SED milestone**

*Answer the following questions about implementation of the state’s SMI/SED demonstration. States should respond to each prompt listed in the tables. Note any actions that involve coordination or input from other organizations (government or non-government entities). Place “NA” in the summary cell if a prompt does not pertain to the state’s demonstration. Answers are meant to provide details beyond the information provided in the state’s special terms and conditions. Answers should be concise, but provide enough information to fully answer the question.*

*This template only includes SMI/SED policies.*

| Prompts   | Summary   |
|---|---|
| <b>SMI/SED. Topic 1. Milestone 1: Ensuring Quality of Care in Psychiatric Hospitals and Residential Settings</b>  |   |
| <p><i>To ensure that beneficiaries receive high quality care in hospitals and residential settings, it is important to establish and maintain appropriate standards for these treatment settings through licensure and accreditation, monitoring and oversight processes, and program integrity requirements and processes. Individuals with SMI often have co-morbid physical health conditions and substance use disorders (SUDs) and should be screened and receive treatment for commonly co-occurring conditions particularly while residing in a treatment setting. Commonly co-occurring conditions can be very serious, including hypertension, diabetes, and substance use disorders, and can also interfere with effective treatment for their mental health condition. They should also be screened for suicidal risk.</i></p> <p><i>To meet this milestone, state Medicaid programs should take the following actions to ensure good quality of care in psychiatric hospitals and residential treatment settings.</i></p> |   |
| <b>Ensuring Quality of Care in Psychiatric Hospitals and Residential Treatment Settings</b>   |   |
| <p>1.a Assurance that participating hospitals and residential settings are licensed or otherwise authorized by the state primarily to provide mental health treatment; and that residential treatment facilities are accredited by a nationally recognized accreditation entity prior to participating in Medicaid</p>  | <p><i>Current Status: Provide information on current state policies and requirements for ensuring quality of care in psychiatric hospitals and residential settings.</i></p> <hr/> <p><i>Future Status: Describe planned activities to address milestone not already met and any other plans for enhanced quality assurance policies for inpatient and residential treatment settings.</i></p> <hr/> <p><i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i></p> |

| Prompts   | Summary  |
|---|--|
| 1.b Oversight process (including unannounced visits) to ensure participating hospital and residential settings meet state’s licensing or certification and accreditation requirements   | <i>Current Status: Provide information on current state policies and requirements for ensuring quality of care in psychiatric hospitals and residential settings.</i>                                |
|   | <i>Future Status: Describe planned activities to address milestone not already met and any other plans for enhanced quality assurance policies for inpatient and residential treatment settings.</i> |
|   | <i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i>  |
| 1.c Utilization review process to ensure beneficiaries have access to the appropriate levels and types of care and to provide oversight on lengths of stay  | <i>Current Status: Provide information on current state policies and requirements for ensuring quality of care in psychiatric hospitals and residential settings.</i>                                |
|   | <i>Future Status: Describe planned activities to address milestone not already met and any other plans for enhanced quality assurance policies for inpatient and residential treatment settings.</i> |
|   | <i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i>  |
| 1.d Compliance with program integrity requirements and state compliance assurance process   | <i>Current Status: Provide information on current state policies and requirements for ensuring quality of care in psychiatric hospitals and residential settings.</i>                                |
|   | <i>Future Status: Describe planned activities to address milestone not already met and any other plans for enhanced quality assurance policies for inpatient and residential treatment settings.</i> |
|   | <i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i>  |
| 1.e State requirement that psychiatric hospitals and residential settings screen beneficiaries for co-morbid physical health conditions, SUDs, and suicidal ideation, and facilitate access to treatment for those conditions | <i>Current Status: Provide information on current state policies and requirements for ensuring quality of care in psychiatric hospitals and residential settings.</i>                                |
|   | <i>Future Status: Describe planned activities to address milestone not already met and any other plans for enhanced quality assurance policies for inpatient and residential treatment settings.</i> |
|   | <i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i>  |

| Prompts   | Summary   |

| Prompts   | Summary  |
|---|--|
| <b>SMI/SED. Topic 3. Milestone 3: Increasing Access to Continuum of Care, Including Crisis Stabilization Services</b>   |  |
| <p><i>Adults with SMI and children with SED need access to a continuum of care as these conditions are often episodic and the severity of symptoms can vary over time. Increased availability of crisis stabilization programs can help to divert Medicaid beneficiaries from unnecessary visits to EDs and admissions to inpatient facilities as well as criminal justice involvement. On-going treatment in outpatient settings can help address less acute symptoms and help beneficiaries with SMI or SED thrive in their communities. Strategies are also needed to help connect individuals who need inpatient or residential treatment with that level of care as soon as possible. To meet this milestone, state Medicaid programs should focus on improving access to a continuum of care by taking the following actions.</i></p> |  |
| <b>Access to Continuum of Care Including Crisis Stabilization</b>   |  |
| <p>3.a The state’s strategy to conduct annual assessments of the availability of mental health providers including psychiatrists, other practitioners, outpatient, community mental health centers, intensive outpatient/partial hospitalization, residential, inpatient, crisis stabilization services, and FQHCs offering mental health services across the state, updating the initial assessment of the availability of mental health services submitted with the state’s demonstration application. The content of annual assessments should be reported in the state’s annual demonstration monitoring reports.</p>   | <p><i>Current Status: Provide information on the status of the state's assessment of mental health provider availability and an overview of the current continuum of care, including crisis stabilization, the state’s ability of the state to track availability of beds, and the use of patient assessment tools.</i></p> <p><i>Future Status: Describe plans to expand community-based services, including references to the financing plan as appropriate, and the state’s plans to improve annual assessments of the availability of mental health providers and the state’s ability to track availability of beds, and plans to encourage widespread use of patient assessment tools.</i></p> <p><i>Summary of Actions Needed: Specify a list of actions needed to be completed to meet milestone criteria. Include persons or entities responsible and timeframe for completion of each action.</i></p> |

**Section 3: Relevant documents**

*Please provide any additional documentation or information that the state deems relevant to successful execution of the implementation plan. This information is not meant as a substitute for the information provided in response to the prompts outlined in Section 2. Instead, material submitted as attachments should support those responses.*

**PRA Disclosure Statement** *This information is being collected to assist the Centers for Medicare & Medicaid Services in program monitoring of Medicaid Section 1115 Severe Mental Illness and Severe Emotional Disturbance Demonstrations. This mandatory information collection (42 CFR § 431.428) will be used to support more efficient, timely and accurate review of states' monitoring report submissions of Medicaid Section 1115 Severe Mental Illness and Severe Emotional Disturbance Demonstrations, and also support consistency in monitoring and evaluation, increase in reporting accuracy, and reduction in timeframes required for monitoring and evaluation. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law.*

*According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #59). The time required to complete this information collection is estimated to average 29 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.*
