

## Cadmium Standard Appendix D PRA Public Burden Statement

### § 1910.1027 Cadmium.

#### APPENDIX D TO § 1910.1027—OCCUPATIONAL HEALTH HISTORY INTERVIEW WITH REFERENCE TO CADMIUM EXPOSURE

##### PAPERWORK REDUCTION ACT STATEMENT

Under the cadmium in general industry standard, this medical questionnaire must be administered to all employees who are or may be exposed to cadmium at or above the action level for 30 or more days per year and to those employees previously exposed at or above the action level, and who will therefore be included in their employer's medical surveillance program. (29 CFR 1910.1027(l)(1)(i)). Under the Paperwork Reduction Act, a Federal agency generally cannot conduct or sponsor, and the public is generally not required to respond to, an information collection, unless it is approved by OMB and displays a valid OMB Control Number. Use of this questionnaire is mandatory. The questionnaire assists both physicians and employers to ensure that the physician obtains compliant employee medical documentation. OSHA estimates employer burden for the completion of this collection of information is 10 minutes per employee. This estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The time estimate consists of time for completion of the questionnaire by the employer's employee to ensure compliance with the collection of information required in Appendix D. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to [OSHAPRA@dol.gov](mailto:OSHAPRA@dol.gov) or to OSHA's Directorate of Standards and Guidance, Department of Labor, Room N-3718, 200 Constitution Ave., NW, Washington, DC 20210; Attn: Paperwork Reduction Act Comment; 1218-0185. (This address is for comments regarding this form only; **DO NOT SEND ANY COMPLETED SAMPLE FORM TO THIS OFFICE.**)

OMB Approval# 1218-0185; Expires: 00-00-0000

##### *Directions*

(To be read by employee and signed prior to the interview)

Please answer the questions you will be asked as completely and carefully as you can. These questions are asked of everyone who works with cadmium. You will also be asked to give blood and urine samples. The doctor will give your employer a written opinion on whether you are physically capable of working with cadmium. Legally, the doctor cannot share personal information you may tell him/her with your employer. The following information is considered strictly confidential. The results of the tests will go to

you, your doctor and your employer. You will also receive an information sheet explaining the results of any biological monitoring or physical examinations performed.

If you are just being hired, the results of this interview and examination will be used to:

- (1) Establish your health status and see if working with cadmium might be expected to cause unusual problems,
- (2) Determine your health status today and see if there are changes over time,
- (3) See if you can wear a respirator safely.

If you are not a new hire:

OSHA says that everyone who works with cadmium can have periodic medical examinations performed by a doctor. The reasons for this are:

- a) If there are changes in your health, either because of cadmium or some other reason, to find them early,
- b) to prevent kidney damage.
