

Job Aid

How to Add a New Fuel or Fuel Additive Product under 40 CFR Part 79 in OTAQREG

This job aid is designed to provide a high-level overview of this task so that you can start using the redesigned OTAQREG system as quickly as possible.

Before you begin:

1. You must have a Central Data Exchange (CDX) account
2. You must be logged into the CDX OTAQREG program service
3. You must be the Responsible Corporate Officer or a delegated user of a registered company with a 4-digit EPA Company ID
4. You must have the Fuel Product and Additive Editor role

For help with these steps, see the documentation on EPA's Fuels Registration, Reporting, and Compliance Help website:

<https://www.epa.gov/fuels-registration-reporting-and-compliance-help>

Initiate the Request

1. Click the **Company ID**
2. Select **Manage Fuel and Additive Products**

The screenshot displays the 'My Companies' interface. At the top, there is a 'Show 10 entries' dropdown and a 'Filter Companies:' search box. Below this is a table with columns: Company ID, Company Name, Address, and My Roles. The first row shows Company ID '1041', Company Name 'Test Biodiesel Manufacturer Company', Address '123 Main Street, Anywhere, AL 12345, US', and My Roles 'Company Editor', 'RCO', and 'Fuel Product And Additive Editor'. A dropdown menu is open for the '1041' Company ID, with 'Manage Fuel and Additive Products' highlighted. Other options in the menu include 'View Company Information', 'Edit Roles', 'Manage User Associations', 'Edit Company Information', 'Edit Program Types and Activities', 'Manage Facilities', 'QAP Associations', 'Manage Reports', and 'RCO Update Request'. A 'Previous 1 Next' pagination control is visible at the bottom right of the table.

Company ID	Company Name	Address	My Roles
1041	Test Biodiesel Manufacturer Company	123 Main Street, Anywhere, AL 12345, US	<ul style="list-style-type: none">Company EditorRCOFuel Product And Additive Editor

Add the New Fuel Information (if adding Fuel Additive information skip to slide 12)

1. Click **Add Fuel**
2. Click **Add Commercial Name**
3. Enter the Commercial Name into the **Name** field
4. Answer **Yes** or **No** to Primary Name Inquiry.
5. Click **Save & Continue**

Steps continue on next slide...

What To Do

You have previously indicated that your company is a fuel manufacturer. Federal regulations require fuel manufacturers to register all fuels that will be sold, offered for sale, or introduced into commerce. Please provide the information requested below, as required by 40 CFR Part 79.4.

Confidential Business Information

Do you assert a confidentiality claim on the Fuel Properties and Trace Elements information provided? **6**

Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

7

Add Fuel Additives

1. Answer **Yes** or **No** to additive question
2. Click **Search Registered Additives**
3. Search by **FFARS ID** or **FFARS Product Name**
4. Click **Search**
5. Click **Add** to add the Additive to the registration request
6. Click **Save**

Steps continued on next slide...

The screenshot shows the 'Fuel Additives' registration interface. At the top, a blue header reads 'Fuel Additives'. Below it, a light blue box contains the instruction: 'Please provide the information requested below, as required by 40 CFR Part 79.11.' The main form area has a question: 'Are there additives in the fuel you are registering? *' with radio buttons for 'Yes' (selected) and 'No'. A yellow callout '1' points to this question. Below the question is a section titled 'Additives' with a 'Search Registered Additives' button (callout '2'). To the left of this button is a 'Show 10 entries' dropdown and a 'Filter Additives' input field. Below the search area is a table with columns: 'Additive Name', 'Purpose-In-Use', 'Range of Concentration' (with sub-columns for 'Highest', 'Lowest', 'Average'), 'Units of Measure', and 'Actions'. A 'Fuel Additive Search' modal window is open, showing 'FFARS ID: 000620020' and 'FFARS Product Name:' fields (callout '3'), a 'Search' button (callout '4'), and a 'Fuel Additive List' table. The table has columns 'FFARS ID', 'Product Name', and 'Add?' (callout '5'). The 'Add?' column for the first entry contains a plus icon. Below the table is a 'Showing 1 to 1 of 1 entries' message and 'Previous', 'Next' navigation buttons. At the bottom right of the modal are 'Cancel' and 'Save' buttons (callout '6').

Add Fuel Additives (cont.)

7. Enter in Additive information
8. Select **Yes** agree to CBI statement
9. Click **Search & Continue**

Steps continued on next slide...

Please provide the information requested below, as required by 40 CFR Part 79.11.

Are there additives in the fuel you are registering? Yes No

Confidential Business Information

Do you assert a confidentiality claim on the Fuel Additive information provided? Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Add Additional Fuel Information

1. Answer **Yes** or **No** to Analytical Technique Information
2. Select **Yes** agree to CBI statement
3. Answer **Yes** or **No** to Mechanism of Action Information
4. Select **Yes** agree to CBI statement

Steps continued on next slide...

1 Analytical Technique Information

Do you have knowledge of analytical techniques used to detect the presence and measure the concentration of any additives present in any fuel(s) you are currently registering, as required by 40 CFR Part 79.11? * Yes No

Please attach any documents that provide summaries and/or a description of the test procedures used in obtaining the information.

[Upload File](#)

2 Confidential Business Information

Do you assert a confidentiality claim on the Analytical Technique information provided? Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

3 Mechanism of Action Information

Do you have any information developed by or for you concerning the mechanisms of action of any of the additives reported; reactions between the additives and the motor vehicle fuel; the identification and/or measurement of the emission products of the additives when used in the motor vehicle fuel; the effects of the additives on all emissions; the toxicity and any other public health or welfare effects of the emission products of the additives; and/or the effects of the emission products of the gasoline additives on the performance of emission control devices or systems? * Yes No

Please attach any documents that provide summaries and/or a description of the test procedures used in obtaining the information.

[Upload File](#)

4 Confidential Business Information

Do you assert a confidentiality claim on the Mechanism of Action information provided? Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Add Additional Fuel Information (cont.)

5. Enter PADD Sales Information
6. Select **Yes** agree to CBI statement
7. Answer **Yes** or **No** to Derivation Information
8. Select **Yes** agree to CBI statement
9. Click **Save & Continue**

Steps continued on next slide...

PADD Sales Information

To the nearest percent, estimated for the third year of production, enter the percent of sales by Petroleum Administration for Defense District (PADD) for the motor vehicle fuel.

PADD 1: *	<input type="text" value="50"/>	PADD 2: *	<input type="text" value="50"/>	PADD 3: *	<input type="text" value="0"/>
PADD 4: *	<input type="text" value="0"/>	PADD 5: *	<input type="text" value="0"/>	PADD 6: *	<input type="text" value="0"/>

Total: 100

Confidential Business Information

Do you assert a confidentiality claim on the PADD Distribution information provided? Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Fuel Derivation Information

Is this fuel derived only from conventional petroleum, heavy oil deposits, coal, tar sands, and/or oil sands, as required by 40 CFR Part 79.56? *

Yes No

Confidential Business Information

Do you assert a confidentiality claim on the Fuel Derivation information provided? Yes No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Add Small Business Provisions and Grouping Information

1. Answer **Yes or No** to Small Business Provisions
2. Answer **Yes or No** to Grouping Information
3. Select **Yes** agree to CBI statement
4. Click **Save & Continue**

Steps continued on next slide...

Small Business Provisions

Certain small businesses qualify for exemptions from health-effects testing requirements. If you believe you may qualify as a small business, please indicate it below so that we may determine if you qualify for the Small Business Provision, as described in 40 CFR Part 79.58.

Is this fuel registration for a small business? *

Yes No

Grouping Information

If you do not qualify for a small business provision, you must be a member of a testing group appropriate for your fuel or capable of supplying the appropriate health-effects test information, as required by 40 CFR Part 79.58.

Are you a member of a testing group? *

Yes No

If you do not qualify as a small business and are not a member of a testing group, then you must attach the appropriate health-effects test information.

4. Select CBI Information

Steps continue on next slide...

Additional Additive Information

Impurities

If any impurity present in the additive currently being registered exceeds 0.1% by weight, please indicate below, as required by 40 CFR Part 79.31 .

Does the concentration of impurities in this additive exceed 0.1% by weight? *

Yes No

Confidential Business Information

Do you assert a confidentiality claim on the Impurity information provided?

No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Analytical Technique Information

Do you know of any analytical techniques that can be used to detect the presence of this fuel additive and/or measure its concentration in gasoline and/or diesel fuel, as required by 40 CFR Part 79.21 ? *

Yes No

Confidential Business Information

Do you assert a confidentiality claim on the Analytical Technique information provided?

No

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Add Additional Fuel Additive Information

1. Answer Mechanism of Action Information
2. Select CBI Information
3. Answer Relabeling Information question
4. Select CBI Information

Steps continue on next slide...

Mechanism Of Action Information

Do you have any information developed by or for you concerning the mechanisms of action of this fuel additive; reactions between this fuel additive and gasoline and/or diesel fuel; the identification and measurement of the emission products of this fuel additive when used in gasoline and/or diesel fuel; the effects of this fuel additive on all emissions; the toxicity and any other public health or welfare effects of the emission products of this fuel additive; and/or the effects of the emission products on the performance of emission control devices or systems? *

Yes No 1

Confidential Business Information

Do you assert a confidentiality claim on the Mechanism of Action information provided? No 2

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Relabeling Information

Is this additive a relabel of an additive currently registered under 40 CFR Part 79 ? *

Yes No 3

Confidential Business Information

Do you assert a confidentiality claim on the Additive Relabeling information provided? No 4

If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.

Add Additional Fuel Additive Information

1. Enter Annual Production
2. Select CBI Information
3. Enter Market Distribution
4. Select CBI Information

Steps continue on next slide...

The screenshot displays a multi-step web form for adding fuel additive information. The form is divided into four main sections, each with a yellow callout box and a numbered circle (1-4) indicating the current step:

- Step 1: Annual Production** - A text box for "Estimated Bulk Annual Volume" (Gallons) is highlighted.
- Step 2: Confidential Business Information** - A radio button for "No" in response to "Do you assert a confidentiality claim on the Annual Production information provided?" is highlighted.
- Step 3: Market Distribution** - A group of six text boxes for "PADD 1" through "PADD 6" is highlighted, along with a "Total:" field.
- Step 4: Confidential Business Information** - A radio button for "No" in response to "Do you assert a confidentiality claim on the Market Distribution information provided?" is highlighted.

Each section includes a light blue informational box with text such as "What is the estimated total annual volume of this additive during the third year of production?" and "If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR Part 79.21."

Add Additional Fuel Additive Information

1. Enter Additive Derivation
2. Select CBI Information
3. Click Save & Continue

Steps continue on next slide...

The screenshot shows a web form titled "Additive Derivation". It contains two main sections: "Additive Derivation" and "Confidential Business Information".

Additive Derivation Section:
A light blue box contains the instruction: "Please indicate below, for each additive being registered, whether or not the additive is derived only from conventional petroleum, heavy oil deposits, coal, tar sands, and/or oil sands, as required by 40 CFR Part 79.55". Below this is a question: "Is this additive derived only from conventional petroleum, heavy oil deposits, coal, tar sands, and/or oil sands?" with a red asterisk. To the right of the question are two radio buttons labeled "Yes" and "No". A yellow callout box with the number "1" is positioned over the "No" radio button.

Confidential Business Information Section:
A light blue box contains the question: "Do you assert a confidentiality claim on the Additive Derivation information provided?". To the right of the question is a dropdown menu with "No" selected. A yellow callout box with the number "2" is positioned over the dropdown menu. Below this is another light blue box with the text: "If no claim is made, the information may be made available to the public without further notice. All questions of confidentiality will be handled pursuant to 40 CFR 2.1."

Navigation Buttons:
At the bottom right of the form are three buttons: "Back" (blue), "Save" (green), and "Save & Continue" (green). A yellow callout box with the number "3" is positioned over the "Save & Continue" button.

Add Small Business Provisions and Grouping Information

1. Answer Small Business Provision
2. Answer Grouping Information
3. Select CBI Information
4. Click Save & Continue

Steps continue on next slide...
