

OMB Instrument Form for Generic Citizen Science ICRs

Burden Statement:

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2080-0083). Responses to this collection of information are voluntary (Crowdsourcing and Citizen Science Act of 2017, 15 U.S. Code §3724). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and record keeping burden for this collection of information is estimated to be 2 minutes per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

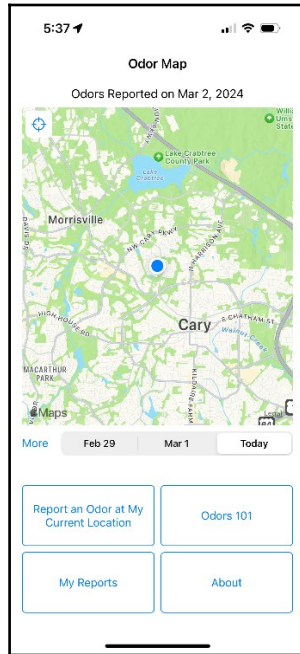

OMB Instrument Form for Generic Citizen Science ICRs

*On this page, you can include your instrument form. The Paperwork Reduction Act uses the term “instrument” for all devices used to carry-out an information collection. An instrument can be anything from a paper form to an online survey to an electronic data interface. In speaking about ICRs, terms like “form” and “survey” are frequently used in place of the term “instrument.” If you have an app, you can paste screenshots of the app here.

Question 2 of 4

5:38
 < Description Intensity
 Question 2 of 4
 How strong is the smell?

Slight (weak), Moderate, Strong, Very Strong

Slight (weak): The smell can be distinguished from other odors.
 Moderate: The smell blocks other odors, but isn't bad enough to make you leave.
 Strong: The smell is bad enough that you want to avoid it.
 Very Strong: The smell produces physical symptoms (for example nausea, difficulty breathing, irritation of the eyes, nose or throat) or a residual smell remains after the odor is gone.

If you are experiencing odors that you feel may be causing life threatening health symptoms, call 911.
