SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to

minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

OMB Control Number: 3060–0931.
Title: Section 80.103, Digital Selective Calling (DSC) Operating Procedures—Maritime Mobile Identity (MMSI).
Form Number: N/A.
Type of Review: Extension of a currently approved collection.
Respondents: Individuals or households; business or other for-profit entities and Federal Government.
Number of Respondents and Responses: 40,000 respondents; 40,000 responses.

Estimated Time per Response: .25 hours.
Frequency of Response: On occasion reporting requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is in 47 U.S.C. 154, 303, 307(e), 309 and 332 of the Communications Act of 1934, as amended. The reporting requirement is contained in international agreements and ITU–R M.541.9.

Total Annual Burden: 10,000 hours.
Total Annual Cost: No cost.

Needs and Uses: The information collected is necessary to require owners of marine VHF radios with Digital Selective Calling (DSC) capability to register information such as the name, address, type of vessel with a private entity issuing marine mobile service

identities (MMSI). The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods.

The requirement to collect this information is contained in international agreements with the U.S. Coast Guard and private sector entities that issue MMSI's.

The information is used by private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the data were not collected, the U.S. Coast Guard would not have access to this information which would increase the time and effort needed to complete a search and rescue operation.

SUPPLEMENTARY INFORMATION: *Proposal to renew the following currently approved collection of information:*

1. *Title:* Interagency Notice of Change in Director or Executive Officer.

OMB Number: 3064-0097.

Forms: 6822/02.

Affected Public: Insured state nonmember banks and state savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064-0097]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
1. Interagency Notice of Change in Director or Executive Officer, 12 USC 1831i (Mandatory).	Reporting (On Occasion).	23	2.7	02:00	124
Total Annual Burden (Hours)	124

Source: FDIC.

General Description of Collection: Section 32 of the FDIA (12 U.S.C. 1831i) requires an insured depository institution or depository institution holding company under certain circumstances to notify the appropriate federal banking agency of the proposed addition of any individual to the board of directors or the employment of any individual as a senior executive officer of such institution at least 30 days before such addition or employment becomes effective. Section 32 of the FDIA also provides that the FDIC may disapprove an individual’s service as a

director or senior executive officer of certain state nonmember banks or state savings associations if, upon assessing the individual’s competence, experience, character, and integrity, it is determined that the individual’s service would not be in the best interest of the depositors of the institution or the public. The Interagency Notice of Change in Director or Senior Executive Officer, with the information contained in the Interagency Biographical and Financial Report (described above) as an attachment, is used by the FDIC to collect information relevant to assess

the individual’s competence, experience, character, and integrity. There is no change in the methodology or substance of this information collection. The reduction in estimated annual burden (from 214 hours in 2021 to 124 hours currently) is due to the decrease in the estimated number of annual responses.

2. *Title:* Prompt Corrective Action

OMB Number: 3064-0115

Affected Public: Insured state nonmember banks and state savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064-0115]

Information collection (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
Prompt Corrective Action, 12 USC 1831o (Voluntary).	Reporting (Annual)	4	4	04:00	64
Total Annual Burden (Hours)	64

Source: FDIC.

General Description of Collection: The Prompt Corrective Action (PCA) provisions of section 38 of the Federal Deposit Insurance Act requires or permits the FDIC and other federal banking agencies to take certain supervisory actions when FDIC-insured

institutions fall within certain capital categories. They also restrict or prohibit certain activities and require the submission of a capital restoration plan when an insured institution becomes undercapitalized. Various provisions of the statute and the FDIC’s implementing

regulations require the prior approval of the FDIC before an FDIC-supervised institution, or certain insured depository institutions, can engage in certain activities, or allow the FDIC to make exceptions to restrictions that would otherwise be imposed. This

collection of information consists of the applications that are required to obtain the FDIC's prior approval to engage in these activities. There is no change in the methodology or substance of this

information collection. The estimated burden remains unchanged from 2021.

3. *Title:* Restrictions on Qualified Financial Contracts of Subsidiaries of certain FDIC Supervised Institutions; Revisions to the Definition of Qualifying

Master Netting Agreement and Related Definitions

OMB Number: 3064-0208

Forms: None

Affected Public: Private Sector

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064-0208]

Information collection (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
Restrictions on Qualified Financial Contracts of Subsidiaries of Certain FDIC-Supervised Institutions and Applicable Subsidiaries; Revisions to the Definition of Qualifying Master Netting Agreement and Related Definitions, 12 CFR 382 (Voluntary).	Reporting (On Occasion).	1	1	10:00	10
Total Annual Burden (Hours)	10

General Description of Collection: Part 382 of the FDIC regulations (part 382) is necessary to give effect to such cross-default restrictions in the International Swaps and Derivatives Association, Inc. (ISDA) 2015 Universal Resolution Stay Protocol (ISDA Protocol). Part 382 requires that FDIC-supervised institutions that are subsidiaries of global systemically important banks (GSIBs) and their counterparties either adhere to the ISDA Protocol or take the prescribed steps to amend the contractual provisions of their Qualified Financial Contracts (QFCs), consistent with the requirements in the rule, within a specified period of time. If such institutions elect to amend their QFCs in lieu of adhering to the ISDA Protocol, they must seek the FDIC's approval of the proposed amendments, giving rise to this information collection. The information collection is necessary to ensure QFCs are amended in compliance with part 382. The rule applies to FDIC-supervised institutions that are subsidiaries of GSIBs and sets forth requirements parallel to those contained in similar rules recently published by the Federal Reserve Board and the Office of the Comptroller of the Currency with regard to entities they supervise to ensure consistent regulatory treatment of QFCs among the various entities within a GSIB group.

There is no change in the methodology or substance of this information collection. The total estimated annual burden for this information collection is 10 hours, which is a decrease of 10 hours from the 2021 information collection submission (20 hours). This decrease is a result of a reduction in the estimated annual number of respondents because of the

automation and standardization of business processes.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
