SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Services (NMFS) Alaska Regional Office is requesting extension of a currently approved information collection for the Prohibited Species Donation Program (PSD Program).

Retention of incidentally caught prohibited species is prohibited in the groundfish fisheries except for salmon and halibut for the purposes of the PSD Program. The PSD Program allows participating seafood vessels and processors to retain salmon and halibut bycatch for distribution to economically disadvantaged individuals. Regulations at 50 CFR 679.26 authorize the voluntary distribution of salmon and halibut taken incidentally in the groundfish trawl fisheries off Alaska to economically disadvantaged individuals by tax-exempt organizations through an authorized distributor.

The Administrator, Alaska Region, NMFS (Regional Administrator) may select one or more tax-exempt organizations to be authorized distributors, as defined at § 679.2. An organization seeking to distribute salmon bycatch and halibut bycatch under the PSD Program must provide the Regional Administrator with the information listed at 50 CFR 679.26(b)(1).

NMFS uses the information provided by an applicant to determine the organization's nonprofit status. In addition, the application provides information about the ability of the organization to arrange for and distribute donated salmon and halibut as a high quality food product.

II. Method of Collection

There is no form for this application. The application to become a PSD distributor, and any changes or updates to the application, are submitted to NMFS as an email attachment.
