Email after phone call

Dear «Name»

Thank you for talking with us today. We invite you to take part in the Flood Damage Survey. This survey is critical to an important study for the U.S. Army Corps of Engineers to evaluating flood control improvements as a result of flood risk along the X River. In order to assess the potential impacts and to identify potential solutions as well as levels of investment, the Corps is collecting information related to past or potential damages as a result of flooding.

Once again, your input is entirely voluntary, and results will remain confidential. The survey will take about X minutes to complete.

If you have any questions about the survey, please feel free to contact me at Kevin.P.Knight@usace.army.mil or 1-703-428-7250 for assistance.

We very much appreciate your taking time to complete this survey, because every response is important! Thanks in advance for completing the survey.

~~X~~

Kevin P. Knight
Sincerely,

Kevin P. Knight
