U.S. ARMY CORPS OF ENGINEERS

441 G STREET, NW

WASHINGTON, DC 20314-1000

Thank You Letter

Thank you for taking time to complete this survey! Your input will be critical to an important study presently being undertaken by the U.S. Army Corps of Engineers (USACE) in evaluating flood control improvements as a result of flood risk along the X River. In order to assess the potential impacts and to identify potential solutions as well as levels of investment, USACE is collecting this information related to past or potential damages as a result of flooding. Once again, your input will remain confidential.

Should you have any additional questions about the survey or about the ongoing flood control study, please feel free to contact me at Kevin.P.Knight@usace.army.mil or 1-703-428-7250 for assistance.

Thanks again for completing the survey and helping the Nation solve its flooding problems!

~~X~~

Kevin P. Knight
Sincerely,

Kevin P. Knight
