

CureTB Partner Feedback

Please tell us about your experience working with CureTB and the end of treatment information you received by completing this survey that should take less than 6 minutes. Your feedback will help us get better at working with our partners. This feedback is completely voluntary and all questions in the questionnaire are optional. You may answer the survey multiple times. Do not include personal information (PII) about yourself or a specific patient in this questionnaire. If you have questions or would like to discuss a particular patient, please contact the CureTB program at curetb@cdc.gov.

Was the information you received from CureTB useful to you?

What would have made the information more useful?

Did you think the information you received from CureTB was delivered in a timely manner?

Please tell us when you would have preferred to receive information from CureTB.

What suggestions do you have for improving the referral and outcome communication process?

CDC estimates the average public reporting burden for this collection of information as 6 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1186).
