<p><b>Section—D - Additional Benchmarks</b>                      This section requests information and data on progress made towards achieving the state’s additional MFP benchmarks, at least one of which reflects the state’s reinvestment of savings generated under MFP to rebalance the state’s long-term care system. The information below reflects your state’s additional benchmarks as described in the CMS-approved Operational Protocol. If your state has not achieved the benchmark measure for this reporting period, please use the text box below to explain the barriers or challenges that have hindered progress, and plans to address them.                      Benchmarks for grantees participating in the Tribal Initiative can be added here.                      Please enter data for the relevant reporting period and year.
