SUPPLEMENTARY INFORMATION: Pursuant to the PRA, 44 U.S.C. 3501 *et seq.* and 5 CFR 1320.5, all information collections, as defined in 5 CFR 1320.3, require approval by OMB. ONRR may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

As part of ONRR's continuing effort to reduce paperwork and respondent burdens, ONRR is inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information in accordance with the PRA and 5 CFR 1320.8(d)(1). This helps ONRR to assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand ONRR's information

collection requirements and provide the requested data in the desired format.

ONRR is especially interested in public comments addressing the following:

- (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of ONRR's estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of response.

ONRR published a 60-day **Federal Register** notice on January 30, 2023 (88 FR 5916) and received no comments. However, ONRR reached out to members of industry soliciting comments for our information collection request renewal and received five comments. Four members of industry provided comments agreeing with the content of this information collection, while one member of industry disagreed with the burden hour estimate.

In the 60-day notice, ONRR included content from the Bureau of Indian Affairs ("BIA") proposed rule "Mining of the Osage Mineral Estate for Oil and Gas," published on January 13, 2023 (88 FR 2430). The proposed rule would require a lessee of the Osage Mineral Estate to submit form ONRR-2014 and form ONRR-4058 for royalty and production reporting, which were included in this ICR renewal. However, the BIA did not publish a final rule. ONRR is therefore publishing this 30-day notice without Osage content to ensure a timely renewal of the existing collections.

Comments that you submit in response to this notice are a matter of public record. ONRR will include or summarize each comment in its request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask ONRR in your comment to withhold your personal identifying information from public

review, ONRR cannot guarantee that it will be able to do so.

Abstract: (a) General Information: The Federal Oil and Gas Royalty Management Act of 1982 ("FOGRMA") directs the Secretary of the Interior ("Secretary") to "establish a comprehensive inspection, collection and fiscal and production accounting and auditing system to provide the capability to accurately determine oil and gas royalties, interest, fines, penalties, fees, deposits, and other payments owed, and to collect and account for such amounts in a timely manner." 30 U.S.C. 1711(a). ONRR performs these and other mineral revenue management responsibilities for the Secretary. See U.S. Department of the Interior Departmental Manual, 112 DM 34.1 (Sept. 9, 2020).

ONRR uses the production, royalty, and other collected information described in this ICR to ensure that a lessee properly pays royalty and other mineral revenues due on oil, gas, and geothermal resources produced from Federal and Indian lands. ONRR shares the data with BIA, Bureau of Land Management, Bureau of Ocean Energy Management, Bureau of Safety and Environmental Enforcement, and Tribal and State governments for their land and lease management responsibilities. The requirement to report accurately and timely is mandatory.

(b) Information Collections: This ICR covers the paperwork requirements under 30 CFR part 1210, subparts B, C, and D; part 1212, subpart B as follows:

(1) Royalty Reporting: Regulations at 30 CFR part 1210, subparts B and D and part 1212, subpart B, require a lessee to report and remit royalty on oil, gas, and geothermal resources, and to make, retain, and, upon request, provide for inspection accurate and complete records demonstrating proper royalty and other payment. A lessee submits form ONRR-2014, *Report of Sales and Royalty Remittance*, monthly to report royalty on oil, gas, and geothermal leases. Each line contains the royalty owed and the basic elements necessary to calculate the royalty, such as lease number, agreement number, unit number, product code, sales type, sales volume, sales value, processing allowances, transportation allowances, royalty value prior to allowances, and royalty value less allowances. A lessee also uses the form to report certain rents.

(2) Production Reporting: Regulations at 30 CFR part 1210, subparts C and D and part 1212, subpart B, require an operator to submit production reports if it operates a Federal or Indian oil and gas lease or federally approved unit or

communitization agreement, and to make, retain, and, upon request, provide for inspection accurate and complete records for demonstrating royalty payment. An operator uses the following forms for production accounting and reporting:

(i) Form ONRR-4054, Oil and Gas Operations Report: An operator submits this report monthly. Part A tracks the oil and gas volume produced from each Federal or Indian well. Part B tracks disposition of the oil and gas. Part C tracks the oil and gas inventory on the property. ONRR compares the production information with the sales and other royalty data that a lessee submits on form ONRR-2014 to ensure that the lessee paid and reported the proper royalty on the reported oil and gas production. ONRR also uses the information from parts A, B, and C to track all oil and gas from the point of production to the point of first sale or other disposition.

(ii) Form ONRR-4058, Production Allocation Schedule Report: Unless certain conditions are met, an operator must submit this report if it operates an offshore facility measurement point (FMP) handling production from a Federal oil and gas lease or federally approved unit agreement that is commingled (with approval) with production from any other source prior to measurement for royalty determination. The report is filed monthly to allocate the production to each source. ONRR uses the data to verify accurate production and royalty reporting.

Title of Collection: Royalty and Production Reporting.

OMB Control Number: 1012-0004.

Form Numbers: ONRR-2014, ONRR-4054, and ONRR-4058.

Type of Review: Extension to a currently approved collection.

Respondents/Affected Public: Businesses.

Total Estimated Number of Annual Respondents: 2,046 oil, gas, and geothermal reporters.

Total Estimated Number of Annual Responses: 8,030,915 lines of data.

Estimated Completion Time per Response: Varies between 1 and 7 minutes per line, depending on the activity. The average completion time is 1.89 minutes per line. The average completion time is calculated by first multiplying the estimated annual burden hours (253,600) by 60 to obtain the total annual burden minutes. Then the total annual burden minutes (15,218,700) is divided by the estimated annual number of lines submitted (8,030,915).

Total Estimated Number of Annual Burden Hours: 253,600 hours.

Respondent's Obligation: Mandatory.

Frequency of Collection: Monthly.

Total Estimated Annual Non-Hour Burden Cost: ONRR identified no "non-hour cost" burden associated with this collection of information.

The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On June 6, 2025, the Commission determined that the domestic interested party group response to its notice of institution (90 FR 11059, March 3, 2025) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Act (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the reviews has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for these reviews on July 30, 2025. A public version will be issued thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before August 7, 2025, and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by August 7, 2025. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

² The Commission has found the responses submitted on behalf of MasterBrand Cabinets, LLC, and the American Kitchen Cabinet Alliance, to be individually adequate. Comments from other interested parties will not be accepted (*see* 19 CFR 207.62(d)(2)).

Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

Issued: July 29, 2025.

Secretary to the Commission.
