

**FY22-23 P2 Grants Template 2:
Facility-Level Reporting for Green Certification, Leadership Programs or P2 Technical Assistance for Multiple Facilities**

Welcome	This EPA Excel file is one of two template files offered to P2 grantees for organizing their facility-level reporting data according to the type of work, or "project," they are conducting. Each template is a workbook file with worksheets for entering data on each facility assisted in your project. If your grant has more than one project, use a separate workbook for each project of your grant. Workbooks help you in the task of reporting because they cover all the facility-level elements and outcome elements required for annual reports, and automatically tabulate required output elements. Workbooks also help over time because they track your annual entries so you can update and resubmit the file for each year of reporting. To ensure workbooks correctly aggregate results by project, avoid entering facilities from two projects in one workbook. Choose from Among the Template Workbooks Choose from among the template workbooks according to the type of grant project you are conducting: Template 1: For a grant project providing P2 technical assistance recommendations to individual facilities. Template 2: For a grant project supporting a green certification program or a leadership program or providing P2 technical assistance to broad audiences (training webinars, roundtables, etc.). <u>For more information, see https://www.epa.gov/p2/grant-reporting</u>
Getting Started in the Template 2 Workbook:	Template 2 is the right format for a green certification program, leadership program, or technical assistance to broad audiences (such as training, webinars, roundtables). Start a new workbook file using Template 2. Enter a grant project number in the Grant Project Data tab. If you have only one project, you can use the Grant Number dash 1. If you have more than one project, use sequential numbering (e.g., grant number - 1, grant number - 2, etc.) As you go about your data entry, be sure to leave the workbook features untouched. Any modifications will interfere with the automatic aggregation of worksheet results, as well as EPA's ability to import this file into its grant reporting database. This would slow down the review of national P2 grant results and the sharing of results with others. Getting to know the worksheets: Full instructions appear in each tab. The Grant Project Data Tab: This tab provides entry cells for required grant information, as briefly noted above. Below the entry cells, the tab maintains an auto-populated table of facility-number tabs and facility names entered on the tabs. When the time comes to enter follow-up data, this table helps you find a facility name among the numbered tabs. The Aggregate Results Tab: This tab automatically aggregates outcomes recorded in the facility tabs on an annual basis, reporting year by reporting year. It also sums up the number of amplification activities and case studies developed. The Amplification Activities Tab: This tab is used to report on amplification activities, such as training, webinars, videos, or other outreach as well as tools, research, and demonstration projects. The Facility Tabs: The numbered Facility tabs are for data entry of business facility-level data, one facility per numbered tab. While entry of a facility name is optional, it is handy to provide one because the Grant Project Data Tab can pull the facility name and associate it in a list with the correctly numbered tab. Template 2 has 75 Facility Tabs; please use a new file if you need more Facility tabs.
Calculating Outcomes in the Facility Tabs	<u>The calculators described below are designed to help you measure environmental and economic outcomes from pollution preven</u> MTCO2e: For each P2 action implemented, grantees will need to quantify and record any positive values for reductions in MTCO2e, EPA's standard unit for greenhouse gas. You can use EPA's P2 GHG Reductions Calculator and EPA's WARM model (https://www.epa.gov/warm) to find conversions to MTCO2e units for a wide range of action categories with GHG impacts. The P2 GHG Reductions Calculator covers electricity management, green energy purchases, fuel management, fuel/chemical substitutions with lower GHG intensities, water management, and solvent remanufacturing. The WARM model covers reductions in nonhazardous materials. Pounds of Hazardous Materials and Pollutant Releases: For each P2 action implemented, grantees will need to quantify and record any positive values achieved for annual reductions in hazardous materials and pollutants. Grantees need to record reductions separately for hazardous materials used, hazardous waste generated, air emissions released, and water effluent (pollution) released. EPA's P2 Calculator for Reductions in Hazardous Substances, Pollutants and Contaminants covers each category and also provides pound conversions for specific hazardous liquids and pound-reduction formulas for specialty solvent remanufacturing. Cost Savings: For each P2 action implemented, grantees will need to quantify and record any cost savings achieved that are associated with reducing GHG, hazardous materials and releases, and/or water use. You can use EPA's P2 Cost Savings Calculator to compute the annual net cost savings, with cost offsets, for many things, and you may override unit-cost formulas if desired. The tool computes: (i) reduced purchases of material inputs, water, fuel, and energy; (ii) reduced fees for hazardous waste, regulated air emissions, and wastewater pre-treatment and treatment; and, (iii) reducing other operating and permitting expenses. It calculates net savings on an implementation-forward basis, which is what EPA is seeking. Grantees are encouraged but not required to report implementation costs separately.

Paperwork Reduction Act Burden Statement

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2070-NEW). Responses to this collection of information are mandatory for certain persons, as specified at 42 U.S.C 13101 and 15 U.S.C.3701. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be approximately 20 hours per response on average for Template #1 and 14 hours per response on average for Template #2. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

FY22-23 P2 Grants Template 2: Facility-Level Reporting for Green Certification, Leadership Programs or P2 Technical Assistance for Multiple Facilities

P2 Grant Project Data

How to Use this Tab:	1. Fill in Rows 7 - 16. Rows 7 and 8 entries here automatically populate Rows 7 and 8 in the Facility Tabs. 2. The tracking list starting in Row 20 is automatically populated as you enter facility names in numbered facility tabs. This list will help you later when you need to find the facility to return to for updating the status of follow-up, implementation and results achieved.

FY22-23 P2 Grants Template 2: Facility-Level Reporting for Green Certification, Leadership Programs or P2 Technical Assistance for Multiple Facilities

Aggregate of REPORTED Results from All Facility Tabs

How to Use this Tab:

1. This is a read-only tab where you can track the aggregate outcome values being achieved by all facilities covered in this grant project. The background formula pulls reported values from the Facility tabs. Informational messages on the Facility tabs will remind you to select a Fiscal Year in the given P2 Action row and enter at least one year in row 20 for leadership programs or at least one follow-up date in row 21 for the aggregating formula to work.
2. You can also track the aggregate number of case studies being reported by all facilities covered in this grant project.

Grant Recipient:

Grant Project Number:

Totals for All Facilities:

Fiscal Year Reported to EPA	\$		Annual Reductions					
	One-time Costs to Implement (\$)	Annual Savings From P2 Actions (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs)	MTCO ₂ e Emissions (tons)	Water Use (gallons)
2023	\$0	\$0	0	0	0	0	0	0
2024	\$0	\$0	0	0	0	0	0	0
2025	\$0	\$0	0	0	0	0	0	0
2026	\$0	\$0	0	0	0	0	0	0
2027	\$0	\$0	0	0	0	0	0	0
2028	\$0	\$0	0	0	0	0	0	0

Totals for Facilities in and Adjacent to EJ Communities Only:

2023	\$0	\$0	0	0	0	0	0	0
2024	\$0	\$0	0	0	0	0	0	0
2025	\$0	\$0	0	0	0	0	0	0
2026	\$0	\$0	0	0	0	0	0	0
2027	\$0	\$0	0	0	0	0	0	0
2028	\$0	\$0	0	0	0	0	0	0

Other Aggregate Results

Number of amplification activities.

0

Number of case studies describing specific P2 best practices identified, developed or implemented through the grant.

0

FY22-23 P2 Grants Template 2: Facility-Level Reporting for Direct P2 Technical Assistance to Individual Facilities

How to Use this Tab:

Use this tab to report on amplification activities, such as **training, webinars, videos, or other outreach** as well as **tools, research, and demonstration projects**.

1. List the title of each amplification activity and identify the type of activity using the drop-down provided.
2. Provide the date of the event, if applicable. Include just the first day for multi-day events.
3. Complete the remaining fields as applicable.

The six sample records may be used as a guide.

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. In Column B (Federal Fiscal Year), enter the Federal Fiscal Year you, the grantee, are reporting this implemented action to EPA under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

P2 Actions and Outcomes

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
Ex. Reduced water use for cleaning (in coating dept.) by using LVHP spray nozzles and worker training.	2023								9,000,000
Ex. Reduced paint and solvent use, and thus reduce VOC emissions to water, by installing electrostatic painting equip. & using infrared curing.	2023						13,600		
Ex. Installed solar array.	2023							1,326	
TOTAL REPORTED	18	\$0	\$0	0	0	0	13,600	1,326	9,000,000

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one line item for each P2 action. If you are reporting on multiple actions for the same P2 action, enter each action as a separate line item under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

Facility NAICS Code (3 to 6 digits)			
NEA for this Facility (use drop-down)			
Is the facility located in or adjacent to an EJ Community?			
Leadership Program: Year(s) facility reported to grantee: (use drop-down)			
Green Certification, trainings, webinars or roundtables: Date(s) of Follow-up (mm/dd/yyyy)			
Number of case studies developed for this facility			

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO _e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one P2 action per Fiscal Year row; the grantee, as the reporting entity, is implementing the P2 action under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter an amount in the "Funds Received" column for each P2 action. This amount is the total amount of the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one line item for each P2 action. If you have multiple actions for a P2 action, enter each action on a separate line. Do not enter the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

Facility Information (Only Business Name)			
Facility Name (optional)			
EPA Facility ID Number (optional)			
Facility Contact (optional)			
Facility City (optional)			
Facility State (2-letter abbreviation)			
EPA Region (based on Facility State)			
Facility NAICS Code (3 to 6 digits)			
NEA for this Facility (use drop-down)			
Is the facility located in or adjacent to an EJ Community?			
Leadership Program: Year(s) facility reported to grantee: (use drop-down)			
Green Certification, trainings, webinars or roundtables: Date(s) of Follow-up (mm/dd/yyyy)			
Number of case studies developed for this facility			

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter an amount in the "Funds Received" column for each Fiscal Year you, the grantee, are reporting. This represents the amount of funds received from the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

Facility City (optional)			
Facility State (2-letter abbreviation)			
EPA Region (based on Facility State)			
Facility NAICS Code (3 to 6 digits)			
NEA for this Facility (use drop-down)			
Is the facility located in or adjacent to an EJ Community?			
Leadership Program: Year(s) facility reported to grantee: (use drop-down)			
Green Certification, trainings, webinars or roundtables: Date(s) of Follow-up (mm/dd/yyyy)			
Number of case studies developed for this facility			

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one line item for each P2 action. If you are reporting on multiple actions for the same P2 action, enter each action as a separate line item under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables).
4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one line item for each P2 action. If you have multiple actions for a P2 action, enter each action on a separate line. Do not enter the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

4. In Rows 28 onward, enter each P2 action implemented by the facility participant, along with the breakout of outcomes for that action.
5. Enter only one P2 action per Fiscal Year row; the grantee, as the reporting entity, is implementing the P2 action under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.

Facility Information (Only Business Activities)			
Facility Name (optional)			
EPA Facility ID Number (optional)			
Facility Contact (optional)			
Facility City (optional)			
Facility State (2-letter abbreviation)			
EPA Region (based on Facility State)			
Facility NAICS Code (3 to 6 digits)			
NEA for this Facility (use drop-down)			
Is the facility located in or adjacent to an EJ Community?			
Leadership Program: Year(s) facility reported to grantee: (use drop-down)			
Green Certification, trainings, webinars or roundtables: Date(s) of Follow-up (mm/dd/yyyy)			
Number of case studies developed for this facility			

List each P2 action implemented by the facility on a separate line. Include the what, the how, and "quantity" information if that is needed to calculate cost, savings and annual reductions, e.g., # LEDs, # solar panels.

P2 Actions Implemented	Fiscal Year Reporting to EPA (Oct 1 - Sep 30) <i>(use drop-down)</i>	\$		Annual Reductions					
		One-time Cost to Implement (\$)	Annual Savings from P2 Action (\$)	Hazardous Material Input (lbs)	Hazardous Waste (lbs)	Air Emissions (lbs)	Water Pollution (lbs) <i>Select header for help</i>	MTCO ₂ e Emissions (metric tons)	Water Use (gal.)
TOTAL REPORTED	0	\$0	\$0	0	0	0	0	0	

How to Use this Tab:

1. Use these facility tabs to record required and optional data elements for individual facilities participating in a leadership program or a green certification program.
2. Use Row 20 if you are reporting for a Leadership Program. Enter the year the facility reported to the State Leadership Program. Fill this out for the first year of this P2 grant and the second year of this P2 grant. (This helps EPA avoid any confusion between state reporting and federal reporting dates.)
3. Use Row 21 if you are reporting for a Green Certification Program or technical assistance to broad audiences (such as training, webinars, roundtables). This activity typically has a P2 outcome impact on the facility participant, along with the broader outcome of outreach or education.
4. In Column B (Federal Fiscal Year), enter the Federal Fiscal Year you, the grantee, are reporting this implemented action to EPA under the grant. Without an entry in Column B plus either Row 20 or 21, outcome values will not appear in the worksheet's Total row or on the Aggregate tab.
6. A yellow highlight indicates an inappropriate format (e.g., letters instead of numbers). Correcting the entry will remove the highlight.
