PURCHASE DATA REQUEST EMAIL (GROUPS 1A AND 1B) AND  
APPENDIX F01.02 SFPS FOOD PURCHASE DATA CHECKLIST (GROUPS  
1A AND 1B)**

This information is being collected to assist the Food and Nutrition Service in understanding school food purchasing practices, the nutritional quality of school meals and snacks, the cost to produce school meals, and student participation and dietary intakes. This is a mandatory collection and FNS will use the information to monitor program operations. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-[xxxx]. The time required to complete this information collection is estimated to average 6 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22314 ATTN: PRA (0584-xxxx). Do not return the completed form to this address.

**Subject: USDA National School Foods Study: Please Submit Food Purchase Data for the [1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup>] Quarter**

Dear [SFA Director]:

Now that the [1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup>] quarter of the school year, [Month1 – Month 3], is almost completed, we are asking that you prepare to 1) submit quarterly food purchase data, and 2) complete the quarterly program data form on quarterly revenues and expenditures, for USDA's National School Foods Study.

If food purchase records will be obtained from someone else in your district, and you have not already informed us, please forward this email to them and copy us (email) so that we can communicate with them directly.

**1. Submit Quarterly Food Purchase Data**

For all foods acquired during the [1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup>] quarter of School Year 2024-2025, from [month1 to month 3], please provide the following information contained in velocity reports, vendor summaries, and other related documents:

- Product Name (e.g., beef burger, canned tomatoes, pizza)
- Product code
- Brand name, if a branded product
- Manufacturer code
- Distributor code
- Pack size (case size, pounds, bushels, etc.)
- Total units sold
- USDA Foods Value Pass Through Method (for processed end products containing USDA Foods as ingredients, typically available through velocity reports, USDA commodity unprocessed usage reports, or similar from your distributor)
- Identify unprocessed foods grown within your State
- Total cost

Note that the data should include only foods that were delivered to your district during the specified timeframe, including products purchased commercially and processed end products containing USDA Foods, and foods used in reimbursable meals and nonprogram foods (a la carte).

Please identify any unprocessed foods that were grown or produced within your State, by adding a note next to the item, or adding a new column. If all items from a vendor were grown or produced within your State, you may indicate that at the top of the invoice or receipt.

Do not include food orders placed but not actually received, or foods used for adult meals, catering, or programs other than the National School Lunch or School Breakfast Programs (e.g., Child and Adult Care Food Program). You also do not need to provide data on direct delivered USDA Foods (formerly known as brown box foods) or USDA DoD Fresh foods received during the quarter. We will obtain that data directly from USDA and State Distributing Agencies.

The attached food purchase data submission checklist has detailed instructions and descriptions of each of the requested data elements. Please use this checklist to ensure you provide all food purchase data for the quarter. We strongly encourage you to provide an Excel file or other electronic editable format if at all possible.

#### How to Submit the Data

Please upload the file(s) to the study website at [\[study file transfer site\]](#) by entering the unique PIN assigned to you.

Unique PIN assigned to you: [####]

There are instructions on the website on how to upload your data.

If you are unable to upload the files, you may email them to me [insert specific instructions for labeling the email and possibly encrypting it].

#### 2. Complete Quarterly Program Data Form

Please complete the quarterly program data request for the [1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup>] quarter by clicking [here](#) [direct link to form]. The specific information that will be requested is as follows:

- Number of serving days and meals served and claimed by type (free, reduced price, paid)
- Total revenue from the sale of nonprogram foods and beverages (i.e., a la carte, competitive foods)
- Top 10 selling nonprogram foods
- Other food program sales (if applicable)
- Total food expenditures for food and beverages

We have attached a PDF copy of the survey, so you can review the questions and collect the necessary information to answer the questions prior to logging in.

#### Timeline for Data Submission and Form Completion

We ask that you submit the food purchase data and complete the quarterly program data request as soon as possible but no later than [date one month from end of quarter].

#### After Data Submission

Following data submission, the study team will review all the data you submit and ask you to provide any needed clarification.

**For Assistance or Questions**

- The study website at [\[study website\]](#) is the hub for study activities and resources. You may wish to view the recording of the recent webinar on Food Purchase Data if you have questions about the needed data, or look at the Frequently Asked Questions.
- For individual assistance, you may email me at [\[email\]](#) or call me at [XXX-XXX-XXXX].

We appreciate your support of the study and look forward to receiving your data soon. As a reminder, SFAs that complete all data requests for the study will receive [If Group 1a: \$350; If Group 1b: \$335; If Certainty SFA: \$590].

Sincerely,

[Name]
