User Control & Details for Template

Issuer Information

Issuer ID:*	
SADP Only?*	
Source System:*	
State:*	
Is this an Alternate ECP Standard Issuer?*	No

Notes & Instructions

1. Enter all **Issuer Information**, then create a new tab using the buttons below to enter data
2. Ensure automatic calculation is turned on. Formulas -> Calculation Options -> Automatic
3. Data can be entered manually or Copied & Pasted into each tab
4. All fields with an asterisk (*) are required
5. Validate data (press the "Validate" button or Ctrl + Shift + W) after entering all information

Exporting Data:

1. Data must pass all validation checks before being exported. Any invalid entries will be displayed in the 'Errors' tab and must be corrected.
2. Press "Create Documents" button or Ctrl + Shift + E to export data from all provider tabs.
3. When prompted, select the folder in which you wish to save the files.
4. All files will be saved as XML files.

To show all ECPs, press the 'Show All ECPs' button or Ctrl + Shift + U.
 To select an ECP, navigate to the corresponding row in the 'Add ECP?' column and double click or press Ctrl + Shift + U.
 To clear all selected ECPs, press the 'Clear All' button or Ctrl + Shift + C.
 To show selected ECPs, press the 'Show Selected ECPs' button or Ctrl + Shift + G.
 To insert selected ECPs, press the 'Insert Selected ECPs' button or Ctrl + Shift + K.
 To sort selected ECPs, press 'Sort' button or Ctrl + Shift + S.

ECP/NA Template – Specialty Types Tab:

Instructions for populating the Specialty/Facility Types without using the drop-down menu	
<p>Important Notes</p> <ul style="list-style-type: none"> • The lists below show the individual and facility provider specialty types that can be entered in the ECP/NA template. • Column C shows the Individual Provider Specialty Types. Column D shows the Facility Providers Specialty Types. Individual Providers Specialty Types can only be used on IndividualProviders(NA) tabs and Facility Providers Specialty Types can only be used on FacilityProviders(NA) tabs. • If you would like to enter more than 1 specialty type for a record, please comma separate each type. For example, if you would like to assign 001 General Practice and 002 Family Medicine specialty types to a provider, please enter the types as "001 General Practice, 002 Family Medicine". Entering multiple specialty types using any other convention will result in a validation error. • The same comma separation technique can be used to assign multiple Network IDs to the same provider. For example, an issuer in Virginia with 3 Network IDs could assign network 1 and network 3 to the same provider by entering "VAN001, VAN003". 	
<p>All providers and facilities must be appropriately licensed, accredited, or certified to provide services in their state, as applicable, and must have in-person services available.</p>	
Individual Provider Specialty Types	Facility Specialty Types
001 General Practice	040 Acute Inpatient Hospitals (Must have Emergency services available 24/7)
002 Family Medicine	041 Cardiac Surgery Program
003 Internal Medicine	042 Cardiac Catheterization Services
004 Geriatrics	043 Critical Care Services - Intensive Care Units (ICU)
005 Primary Care - Physician Assistant	045 Surgical Services (Ambulatory Surgical Centers and Outpatient Hospital)
006 Primary Care - Advanced Registered Nurse Practitioner	046 Skilled Nursing Facilities
007 Allergy and Immunology	047 Diagnostic Radiology (Free-standing; hospital outpatient; ambulatory health facilities with Dx Radiology)
008 Cardiology	048 Mammography
010 Chiropractor	052 Inpatient Psychiatry (Free-standing inpatient behavioral health facility and behavioral health beds within an Acute Care Hospital)
011 Dermatology	057 Outpatient Infusion/Chemotherapy
012 Endocrinology	072 Substance Use Disorder Rehabilitation Facility (Hospital unit and residential treatment facility)
013 ENT/Otolaryngology	076 Mental Health Residential Treatment Facility (Mental Illness; Psychiatric)
014 Gastroenterology	080 Urgent Care
015 General Surgery	P072 Children's Substance Use Disorder Rehabilitation Facility
016 Gynecology (OB/GYN)	P076 Children's Residential Treatment Facility (Mental Illness; Psychiatric)
017 Infectious Diseases	
018 Nephrology	
019 Neurology	
020 Neurosurgery	
021 Oncology - Medical & Surgical	
022 Oncology - Radiation	
023 Ophthalmology	
025 Orthopedic Surgery	
026 Physical Medicine & Rehabilitation	
027 Plastic Surgery	
028 Podiatry	

ECP/NA Template – Taxonomy Codes Tab:

Taxonomy Codes						
<p>Important Notes</p> <ul style="list-style-type: none"> The 'Taxonomy Codes' tab serves the following purposes: (1) serves as a reference file that identifies the provider taxonomy codes that issuers can include in their network adequacy data submissions; (2) filters the taxonomy codes into each individual provider and facility specialty type, so that issuers can determine which providers to include in which individual provider and facility specialty categories; and (3) crosswalks provider types into their respective categories for time and distance standards. For brevity purposes, when discussing provider types for network adequacy, we will use the term "behavioral health" to encompass mental health and substance use disorders. Under the circumstances described below, advanced practice registered nurses (APRNs) and physician assistants (PAs) could be included as primary care providers. Under the circumstances below, APRNs who specialize in behavioral health services could be included in the outpatient clinical behavioral health provider category. The purpose of including APRNs and PAs is to inform CMS of the rare instances in which an issuer contracts with non-MD/DO primary care and behavioral health services providers in underserved counties to serve as the major source of these types of care for enrollees. In these instances, organizations should include submissions under the non-MD/DO primary care and outpatient clinical behavioral health specialty codes if the contracted APRN or PA satisfies the following conditions: <ol style="list-style-type: none"> currently licensed in the state; meets the state's requirements governing the qualifications of that provider type; fully credentialed by the organization as a provider of primary care or behavioral health services; functions in accordance with state law as the primary source for the enrollee's primary care or behavioral health services (i.e., not to supplement a physician's care); and practices in or renders services to enrollees residing in a Health Professional Shortage Area. For Acute Inpatient Hospitals (facility specialty type code 040), issuers must report these hospitals within their network adequacy submissions as "Acute Inpatient Hospitals" (rather than a taxonomy code), which are defined as hospitals that provide all-day, year-round emergency services. Due to integrity issues (e.g., a high number of hospital outpatient facilities being incorrectly reported as acute inpatient hospitals, etc.), issuers may not use the National Uniform Claim Committee (NUCC) hospital taxonomy code to report such hospitals for network adequacy submissions. For Cardiac Surgery Programs (facility specialty type code 041), Cardiac Catheterization Services (facility specialty type code 042), and Critical Care Services - Intensive Care Units (ICU) (facility specialty type code 043), issuers must report within their network adequacy submissions the respective provider types that filter into these facility specialty types. Since these are services rather than facility types, there are no specific taxonomy codes that align completely with these specialty codes.
