OMB # 0960-0174

SSA-8006-F4

The following are screen prints from the SSI claim system that collect information that is equivalent to the paper form SSA-8006-F4. Like the SSA-8006-F4, these SSI claim system pages collect information that we need to establish whether the SSI recipient lives in his or her own household or lives in another person's household. Like the SSA-8006-F4, these pages also collect information that we need to determine if the SSI recipient receives in-kind support and maintenance from inside the household, from outside the household, or does not receive any in-kind support and maintenance.
