

The Supporting and Strengthening the Home Visiting Workforce project wants to hear from you! We are developing a measure of reflective supervision and need your expertise.

### **Who can participate?**

We hope to include home visitors and supervisors with at least one year of experience providing or receiving reflective supervision. We are looking for home visitors and supervisors with a variety of backgrounds and perspectives with respect to:

- Race and ethnicity
- Geographic location
- Home visiting model(s) implemented
- Types of communities served (urban, suburban, rural, frontier)
- Number of families served by home visiting program
- Approach to providing reflective supervision (individual, group, virtual, in-person, peer)

### **What does participation include?**

Participation includes completing a 60-minute online survey and participating in a 90-minute virtual meeting.<sup>1</sup>

### **Why should I participate?**

Hearing from individuals who have experience with reflective supervision in home visiting will help us develop a measure that is relevant and useful for the home visiting field---we need your expertise! Additionally, we are offering a \$35.00 honorarium for completing the survey and a \$50.00 honorarium for participation in the virtual meeting.

### **How can I participate?**

If you are interested in participating, complete the screening questionnaire using the link below. The questionnaire takes about five minutes to complete and asks for information about yourself, your home visiting program, and your experience with reflective supervision.

Please note that we will not be able to invite all individuals for participation. If you are selected, we will reach out to you. If you are not selected, we may reach out to you in the next six months to see if you are interested in participating in later phases of the project.

<sup>1</sup> Please note that the survey and group interpretation meeting will be in English only.
