Overview

Introduction

The Child Care and Development Block Grant Act (CCDBG) (42 U.S.C. 9857 *et seq.*), together with section 418 of the Social Security Act (42 U.S.C. 618), authorize the Child Care and Development Fund (CCDF), the primary federal funding source devoted to supporting families with low incomes afford child care and increasing the quality of child care for all children. The CCDF program is administered by the Office of Child Care (OCC) within the Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services and provides resources to State, Territory, and Tribal governments via their designated CCDF Lead Agency.

CCDF plays a vital role in supporting family well-being and child development; facilitating parental employment, training, and education; improving the economic well-being of participating families; and promoting safe high-quality care and learning environments for children when out of their parents' care.

As required by CCDBG, this CCDF Plan serves as the State/Territory Lead Agency's application for a three-year cycle of CCDF funds and is the primary mechanism OCC uses to determine Lead Agency compliance with the requirements of the statute and regulations. CCDF Lead Agencies must comply with the rules set forth in CCDBG and corresponding ACF-issued rules and regulations. The CCDF Plan is a fundamental part of OCC's oversight of CCDF and is designed to align with and complement other oversight mechanisms including administrative and financial data reporting, the monitoring process, error rate reporting, audits, and the annual Quality Progress Report.

Organization of Plan

In their CCDF Plans, State/Territory Lead Agencies must describe how they implement the CCDF program. The Plan is organized into the following sections:

1. CCDF Program Administration
2. Child and Family Eligibility and Enrollment and Continuity of Care
3. Child Care Affordability
4. Parental Choice, Equal Access, Payment Rates, and Payment Practices
5. Health and Safety of Child Care Settings
6. Support for a Skilled, Qualified, and Compensated Child Care Workforce
7. Quality Improvement Activities
8. Lead Agency Coordination and Partnerships to Support Service Delivery
9. Family Outreach and Consumer Education
10. Program Integrity and Accountability

Completing the Plan

This revised Plan aims to capture the most accurate and up-to-date information about how a State/Territory is implementing its CCDF program in compliance with the requirements of CCDF. In responding to plan questions, Lead Agencies should provide concise and specific summaries and/or bullet points as appropriate to the question. Do not insert tables or charts, add attachments, or copy manuals into the Plan. A State/Territory's CCDF Plan is intended to stand on its own with sufficient information to describe how the Lead Agency is implementing its CCDF program without need for added attachments, tables, charts, or State manuals.

OCC recognizes that Lead Agencies use different mechanisms to establish CCDF policies, such as State statute, regulations, administrative rules, policy manuals, or policy issuances. Lead Agencies must submit their CCDF Plan no later than July 1, 2024.

Review and Amendment Process

OCC will review submitted CCDF Plans for completeness and compliance with federal policies. Each Lead Agency will receive a letter approximately 90 days after the Plan is due that includes all Plan non-compliances to be addressed. OCC recognizes that Lead Agencies continue to modify and adapt their programs to address evolving needs and priorities. Lead Agencies must submit amendments to their Plans as they make substantial policy and program changes during the three-year plan cycle, including when addressing non-compliances.

Appendix 1: Implementation Plan

As part of the Plan review process, if OCC identifies any CCDF requirements that are not fully implemented, OCC will communicate a preliminary notice of non-compliance for those requirements via an emailed letter. OCC has created a standardized template for Lead Agencies to submit as their 60-day response to that preliminary notice. This template is found at Appendix 1: Lead Agency Implementation Plan. This required response via the Appendix will help create a shared understanding between OCC and the Lead Agency on which elements of a requirement are unmet, how they are unmet, and the Lead Agency's steps and associated timelines needed to fully implement those unmet elements.

CCDF Plan Submission

CCDF Lead Agencies will submit their Plans electronically through the Child Care Automated Reporting System (CARS). CARS will include all language and questions included in the final CCDF Plan template approved by the Office of Management and Budget (OMB). Note that the format of the questions in CARS could be modified from the Word version of the document to ensure compliance with Section 508 policies regarding accessibility to electronic and information technology for individuals with disabilities.

1 CCDF Program Administration

1.2 CCDF Policy Decision Authority

The Lead Agency has broad authority to administer (i.e., establish rules) and operate (i.e., implement activities) the CCDF program through other governmental, non-governmental, or public or private local agencies as long as the Lead Agency retains overall responsibility for the administration of the program. 1.3 Consultation in the Development of the CCDF Plan

The Lead Agency is responsible for developing the CCDF Plan, and consultation with and meaningful input and feedback from a wide range of representatives is critical for CCDF programs to continually adapt to the changing needs of families, child care programs, and the workforce. Consultation involves meeting with or otherwise obtaining input from an appropriate agency in the development of the State or Territory CCDF Plan. As part of the Plan development process, Lead Agencies must consult with the following:

2 Child and Family Eligibility and Enrollment and Continuity of Care

Stable and reliable child care arrangements facilitate job stability for parents and healthy development of children. CCDF eligibility and enrollment policies can contribute to these goals. Policies and procedures that create barriers to families accessing CCDF, like inaccessible subsidy applications and onerous reporting requirements, interrupt a parent's ability to work and may deter eligible families from participating in CCDF.

To address these concerns, Lead Agencies must provide children with a minimum of 12 months between eligibility determinations, limit reporting requirements during the 12-month period, and ensure eligibility determination and redetermination processes do not interrupt a parent's work or school.

In this section, Lead Agencies will identify how they define eligible children and families and how the Lead Agency's eligibility and enrollment policies support access for eligible children and families.

2.1 Reducing Barriers to Family Enrollment and Redetermination

Lead Agency enrollment and redetermination policies may not unduly disrupt parents' employment, education, or job training activities to comply with the Lead Agency's or designated local entity's requirements. Lead Agencies have broad flexibility to design and implement the eligibility practices that reduce barriers to enrollment and redetermination.

Examples include developing strategies to inform families and their providers of an upcoming redetermination and the information that will be required of the family, pre-populating subsidy renewal forms, having parents confirm that the information is accurate, and/or asking only for the information necessary to make an eligibility redetermination. In addition, Lead Agencies can offer a variety of family-friendly methods for submitting documentation for eligibility redetermination that considers the range of needs for families in accessing support (e.g., use of languages other than English, access to transportation, accommodation of parents working non-traditional hours).

2.1.1 Eligibility practices to reduce barriers to enrollment

- a. Does the Lead Agency implement any of the following eligibility practices to reduce barriers at the time of initial eligibility determination? Check all that apply and describe those elements checked.
 - i. Establishing presumptive eligibility while eligibility is being determined. Describe the policy, including the populations benefiting from the policy, and identify how long the period of presumptive eligibility is: [Click or tap here to enter text.](#)
 - ii. Leveraging eligibility from other public assistance programs. Describe: [Click or tap here to enter text.](#)
 - iii. Coordinating determinations for children in the same household (while still ensuring each child receives 12 months of eligibility). Describe: [Click or tap here to enter text.](#)
 - iv. Self-assessment screening tools for families. Describe: [Click or tap here to enter text.](#)
 - v. Extended office hours (evenings and/or weekends).
 - vi. Consultation available via phone.
 - vii. Other. Describe the Lead Agency policies to process applications efficiently and make timely eligibility determinations: [Click or tap here to enter text.](#)
 - viii. None.
- b. Does the Lead Agency use an online subsidy application?
 - Yes.
 - No. If no, describe why an online application is impracticable. [Click or tap here to enter text.](#)
- c. Does the Lead Agency use different policies for families receiving TANF assistance?
 - Yes. If yes, describe the policies: [Click or tap here to enter text.](#)
 - No.

2.1.2 Preventing disruption of eligibility activities

- a. Identify, where applicable, the Lead Agency’s procedures and policies to ensure that parents do not have their employment, education, or job training unduly disrupted to comply with the State’s/Territory’s or designated local entity’s requirements for the redetermination of eligibility. Check all that apply.
- i. Advance notice to parents of pending redetermination.
 - ii. Advance notice to providers of pending redetermination.
 - iii. Pre-populated subsidy renewal form.
 - iv. Online documentation submission.
 - v. Cross-program redeterminations.
 - vi. Extended office hours (evenings and/or weekends).
 - vii. Consultation available via phone.
 - viii. Leveraging eligibility from other public assistance programs.
 - ix. Other. Describe: [Click or tap here to enter text.](#)
- b. Does the Lead Agency use different policies for families receiving TANF assistance?
- Yes. If yes, describe the policies: [Click or tap here to enter text.](#)
 - No.

2.2 Eligible Children and Families

At eligibility determination or redetermination, children must (1) be younger than age 13; (2) reside with a family whose income does not exceed 85 percent of the State’s median income (SMI) for a family of the same size and whose family assets do not exceed \$1,000,000; and (3)(a) reside with a parent or parents who are working or attending a job training or educational program (which can include job search) or (b) receive, or need to receive, protective services as defined by the Lead Agency.

2.2.1 Eligibility criteria: age of children served

Lead Agencies may provide child care assistance for children less than 13 years of age, including continuing to provide assistance to children if they turn 13 during the eligibility period. In addition, Lead Agencies can choose to serve children up to age 19 if those children are unable to care for themselves.

- a. Does your Lead Agency serve the full federally allowable age range of children through age 12?
- Yes.
 - No. If no, describe the age range of children served and the reason why you made that decision to serve less than the full range of allowable children. [Click or tap here to enter text.](#)

Note: Do not include children incapable of self-care or under court supervision, who are reported below in 2.2.1b and 2.2.1c.

- b. Does the Lead Agency extend eligibility for CCDF-funded child care to children ages 13 and older but below age 19 who are physically and/or mentally incapable of self-care?
 - No.
 - Yes.
 - i. If yes, the upper age is (may not equal or exceed age 19): [Click or tap here to enter text.](#)
 - ii. If yes, provide the Lead Agency definition of physical and/or mental incapacity: [Click or tap here to enter text.](#)
- c. Does the Lead Agency extend eligibility for CCDF-funded child care to children ages 13 and older but below age 19 who are under court supervision?
 - No.
 - Yes. If yes, and the upper age is (may not equal or exceed age 19): [Click or tap here to enter text.](#)
- d. How does the Lead Agency define the following eligibility terms?
 - i. “residing with”: [Click or tap here to enter text.](#)
 - ii. “in loco parentis”: [Click or tap here to enter text.](#)

2.2.2 Eligibility criteria: reason for care

Lead Agencies have broad flexibility on the work, training, and educational activities required to qualify for child care assistance. Lead Agencies do not have to set a minimum number of hours for families to qualify for work, training, or educational activities, and there is no requirement to limit authorized child care services strictly based on the work, training, or educational schedule/hours of the parent(s). For example, the Lead Agency can include travel or study time in calculating the amount of needed services.

How does the Lead Agency define the following terms for the purposes of determining CCDF eligibility?

- a. Identify which of the following activities are included in your definition of “working” by checking the boxes below:
 - i. An activity for which a wage or salary is paid.
 - ii. Being self-employed.
 - iii. During a time of emergency or disaster, partnering in essential services.
 - iv. Participating in unpaid activities like student teaching, internships, or practicums.
 - v. Time for meals or breaks.

2.3 Prioritizing Services for Vulnerable Children and Families

Lead Agencies must give priority for child care assistance to children with special needs, families with very low incomes (considering family size), and children experiencing homelessness. A Lead Agency has the flexibility to prioritize other populations of children.

Note: Statute defines children with disabilities, and CCDF rule gives flexibility to Lead Agencies to include vulnerable populations in their definition of children with special needs.

CCDF defines “child experiencing homelessness” as a child who is homeless, as defined in Section 725 of Subtitle VII-B of the McKinney-Vento Act (42 U.S.C. 11434a).

2.3.3 Enrollment and grace period for children experiencing homelessness

Lead Agencies must allow (after an initial eligibility determination) children experiencing homelessness to receive CCDF services while required eligibility documentation is obtained.

Lead Agencies must establish a grace period that allows children experiencing homelessness and children in foster care to receive CCDF assistance while providing their families with a reasonable time to take any necessary actions to comply with State, Territory, or local immunization and other health and safety requirements. The length of such a grace period must be established in consultation with the State, Territorial, or Tribal public health agency.

2.5.2 Minimum 12-month eligibility

Lead Agencies must establish a minimum 12-month eligibility period for each child, both at the initial eligibility determination and at redetermination to support continuity in child care assistance and reduce barriers to families retaining eligibility. This requirement is:

- Regardless of changes in income, Lead Agencies may not terminate CCDF assistance during the minimum 12-month period if a family has an increase in income that exceeds the Lead Agency’s income eligibility threshold but not the federal threshold

- of 85 percent of SMI; and
- Regardless of temporary changes in participation in work, training, or educational activities.

Check and provide the policy for all circumstances in which the Lead Agency chooses to discontinue assistance prior to the next minimum 12-month redetermination:
- i. Not applicable.
 - ii. Excessive unexplained absences despite multiple attempts by the Lead Agency or designated entity to contact the family and provider, including the prior notification of a possible discontinuation of assistance.

2.5.4 Reporting changes during the minimum 12-month eligibility period

Lead Agencies may only require families to report changes that impact a family's eligibility, including only if the family's income exceeds 85 percent of the SMI, taking into account irregular fluctuations in income, or there is a non-temporary change in the parent's work, training, or education status, during the 12-month eligibility period. Lead Agencies may also require families

to report that enable the lead agency to contact the family or pay providers, such as a new telephone number or address.

Note: The response below should exclude reporting requirements for a graduated phase-out, which are described in question 2.5.5.

Does the Lead Agency limit what families must report during the 12-month eligibility period to the changes described above?

Yes.

No. If no, describe: [Click or tap here to enter text.](#)

2.5.5 Policies and procedures for graduated phase-out of assistance at redetermination

Lead Agencies that establish initial family income eligibility below 85 percent of SMI must provide a graduated phase-out of assistance for families whose income has increased above the Lead Agency's initial income threshold at the time of redetermination but remains below the federal threshold of 85 percent of SMI.

Lead Agencies that provide a graduated phase-out must implement a two-tiered eligibility threshold, with the second tier of eligibility (used at the time of eligibility redetermination) to be set at:

- (i) 85 percent of SMI for a family of the same size; or,
- (ii) An amount lower than 85 percent of SMI for a family of the same size but above the Lead Agency's initial eligibility threshold that:
 - (A) Takes into account the typical household budget of a family with a low income
 - (B) Provides justification that the second eligibility threshold is:
 - (1) Sufficient to accommodate increases in family income over time that are typical for workers with low incomes and that promote and support family economic stability
 - (2) Reasonably allows a family to continue accessing child care services without unnecessary disruption

At redetermination, a child must be considered eligible if their parents are participating in an eligible activity even if their income exceeds the Lead Agency's initial eligibility income limit as long as their income does not exceed the second tier of eligibility. Note that once determined eligible, the child must be considered eligible for a full minimum 12-month eligibility period, even if the parents' income exceeds the second tier of eligibility during the eligibility period, as long as it does not exceed 85 percent of SMI.

A child eligible for services via the graduated phase-out of assistance is considered eligible under the same conditions as other eligible children with the exception of the co-payment restrictions, which do not apply to a graduated phase-out. To help families transition from child care assistance, Lead Agencies may gradually adjust co-payment amounts in proportion to a family's income growth for families whose children are determined eligible under a graduated phase-out. Lead Agencies may require additional reporting on changes in family income but must still ensure that any additional reporting requirements do not constitute an undue burden on families.

Check and describe the option that best identifies the Lead Agency's policies and procedures regarding the graduated phase-out of assistance.

- a. Not applicable. The Lead Agency sets its initial eligibility threshold at 85 percent of SMI and therefore is not required to provide a graduated phase-out period. (If checked, skip to question 3.1.1.)
- b. The Lead Agency sets the second tier of eligibility at 85 percent of SMI. If checked, describe the policies and procedures: [Click or tap here to enter text.](#)

 - ii. Lead Agency requires additional reporting requirements during the graduated phase-out period. If checked, describe: [Click or tap here to enter text.](#)
- c. The Lead Agency sets the second tier of eligibility at an amount lower than 85 percent of SMI for a family of the same size but above the Lead Agency's initial eligibility threshold. If checked, provide the following information:

3 Child Care Affordability

CCDF subsidies make child care more affordable for eligible families, providing access to a greater range of child care options that allow parents to work, go to school, or enroll in training and they allow parents to access higher quality care options that better support children's development. CCDF requires some families participating in CCDF to pay an affordable co-payment set by the Lead Agency to cover a part of their care. But co-payments can be a significant and destabilizing financial strain on family budgets and a barrier to parent employment, and the CCDBG Act requires that the co-payment amount not be a barrier to families participating in CCDF. Lead Agencies may not set parent co-payments above 7% of family income regardless of gradual phase-

out policies and regardless of the number of children receiving assistance. Lead Agencies are encouraged to set co-payments much lower than 7% to make child care more affordable for more families and have broad flexibility to waive co-payments for too many participants. Lead Agencies must ensure that the total payment to a child care provider is not reduced because of family's lowered or waived co-payment.

In this section, Lead Agencies will identify how they determine an eligible family's co-payment, the policies in place to waive or ensure co-payments are affordable for families, and how the Lead Agency improves access for children and families in economically and/or socially marginalized communities.

3.1 Family Co-payments

Lead Agencies must establish and periodically revise a sliding-fee scale for families receiving CCDF services that varies based on income and the size of the family to determine each family's contribution (i.e., co-payment) and does not create a barrier to receiving CCDF assistance. In addition to income and the size of the family, the Lead Agency may use other factors as appropriate when determining family contributions/co-payments. Lead Agencies may not use price of care or amount of subsidy payment in determining co-payments. Lead Agencies must ensure that the total payment to a child care provider is not reduced because of family's lowered or waived co-payment.

3.1.1 Family co-payment

Lead Agencies may not charge any family more than 7% of a family's gross income, regardless of the number of children participating in CCDF.

- a. What is the maximum percent of a family's gross income any family could be charged as a co-payment? [Click or tap here to enter text.](#)
- b. Does the Lead Agency certify that their sliding fee scales are always based on income and family size (regardless of how many different scales they may use)?
 - Yes.
 - No. If no, describe: [Click or tap here to enter text.](#)

3.1.2 Sliding fee scale

Provide the CCDF co-payments for eligible families in the table(s) below according to family size for one child in care.

- a. Is the sliding fee scale set statewide?
 - Yes.
 - No. If no, describe how the sliding fee scale is set: [Click or tap here to enter text.](#)
- b. Complete the table below. If the sliding fee scale is not set statewide, complete the table for the most populous locality:

e. Does the Lead Agency allow providers to charge families additional amounts above the required co-payment in instances where the provider’s price exceeds the subsidy payment?

No.

Yes.

If yes:

i. Provide the rationale for the Lead Agency’s policy to allow providers to charge families additional amounts above the required co-payment, including a demonstration of how the policy does not provide a barrier and promotes affordability and access for families: [Click or tap here to enter text.](#)

ii. Provide data (including data on the size and frequency of such amounts) on the extent to which CCDF providers charge additional amounts to families: [Click or tap here to enter text.](#)

3.2 Calculation of Co-Payment

Lead agencies must calculate a family's contribution (or co-payment), taking into account income and family size, and Lead Agencies may choose to consider other factors in their calculation.

3.2.1 Family co-payment calculation

a. How is the family's contribution calculated, and to whom is it applied? Check if the fee is a dollar amount or if the fee is a percent of income below, and then check all that apply under the selection, as appropriate.

i. The fee is a dollar amount and (check all that apply):

The fee is per child, with the same fee for each child.

The fee is per child and is discounted for two or more children.

The fee is per child up to a maximum per family.

No additional fee is charged after a certain number of children.

The fee is per family.

The contribution schedule varies because it is set locally/regionally (as indicated in 1.2.1). Describe: [Click or tap here to enter text.](#)

Other. Describe: [Click or tap here to enter text.](#)

ii. The fee is a percent of income and (check all that apply):

The fee is per child, with the same percentage applied for each child.

The fee is per child up to a maximum per family.

No additional percentage is charged after a certain number of children.

Other. Describe: [Click or tap here to enter text.](#)

b. Does the Lead Agency use other factors in addition to income and family size to determine each family's co-payment? (Lead Agencies may not use price of care or amount of subsidy payment in determining co-payments).

No.

Yes.

If yes, check and describe those additional factors below:

i. Number of hours the child is in care. Describe: [Click or tap here to enter text.](#)

ii. Quality of care (as defined by the Lead Agency). Describe: [Click or tap here to enter text.](#)

- iii. Other. Describe: [Click or tap here to enter text.](#)
- c. Describe any other policies the Lead Agency uses in the calculation of family co-payment to ensure it does not create a barrier to access. Check all that apply:
 - i. Base co-payments on only a portion of the family's income. For instance, only consider the family income over the federal poverty level.
 - ii. Base co-payments on the number of children in the family and reduce a portion of the co-payments as the number of children being served increases.
 - iii. Other. Describe: [Click or tap here to enter text.](#)

3.3 Waiving Family Co-payment

3.3.1 Waiving family co-payment

The Lead Agency may waive family contributions/co-payments for many families to lower their costs and maximize affordability for families. Lead Agencies have broad flexibility in determining for which families they will waive co-payments.

Does the Lead Agency waive family contributions/co-payments?

- No, the Lead Agency does not waive any family contributions/co-payments. (Skip to question 4.1.1.)
- Yes. If yes, identify and describe which family contributions/co-payments waived.
 - i. Families with an income at or below 100% of the Federal Poverty Level for families of the same size.
 - ii. Families with an income above 100% but at or below 150% of the Federal Poverty Level for families of the same size.
 - iii. Families experiencing homelessness.
 - iv. Families with children with disabilities.
 - v. Families enrolled in Head Start or Early Head Start.
 - vi. Children in foster care or kinship care, or otherwise receiving or needing to receive protective services. Describe the policy: [Click or tap here to enter text.](#)
 - vii. Families meeting other criteria established by the Lead Agency. Describe the policy: [Click or tap here to enter text.](#)

4 Parental Choice, Equal Access, Payment Rates, and Payment Practices

Core purposes of CCDF are to provide participating parents choice in their child care arrangements and provide their children with equal access to child care compared to those children not participating in CCDF. CCDF requirements approach equal access and parental choice comprehensively to meet these foundational program goals. Providing access to a full range of child care providers helps ensure that families can choose a child care provider that meets their family's needs. CCDF payment rates and practices must be sufficient to support equal access by

allowing child care providers to recruit and retain skilled staff, provide high-quality care, and operate in a sustainable way. Supply-building strategies are also essential.

This section addresses many of the CCDF provisions related to equal access, including access to the full range of providers, payment rates for providers, co-payments for families, payment practices, differential payment rates, and other strategies that support parental choice and access by helping to ensure that child care providers are available to serve children participating in CCDF.

In responding to questions in this section, OCC recognizes that each Lead Agency identifies and defines its own categories and types of care. OCC does not expect Lead Agencies to change their definitions to fit the CCDF-defined categories and types of care. For these questions, provide responses that closely match the CCDF categories of care.

4.1 Access to Full Range of Provider Options

Lead Agencies must provide parents a choice of providers and offer assistance with child care services through a child care certificate (or voucher) or with a child care provider that has a grant or contract for the provision of child care services. Lead Agencies are reminded that policies and procedures should not restrict parental access to any type or category of care or provider (e.g., center care, home care, in-home care, for-profit provider, non-profit provider, or faith-based provider, etc.).

4.1.1 Parent choice

- a. Identify any barriers to provider participation, including barriers related to payment rates and practices, (including for family child care and in-home providers), based on provider feedback, public comment, and reports to the Lead Agency: [Click or tap here to enter text.](#)
- b. Does the Lead Agency offer child care assistance through vouchers or certificates?
 Yes.
 No.
- c. Does the Lead Agency offer child care assistance through grants or contracts?
 Yes.
 No.
- d. Describe how the parent is informed that the child care certificate allows the option to choose from a variety of child care categories, such as private, not-for-profit, faith-based providers; centers; family child care homes; or in-home providers: [Click or tap here to enter text.](#)
- e. Describe what information is included on the child care certificate: [Click or tap here to enter text.](#)

4.2 Assess Market Rates and Analyze the Cost of Child Care

To establish subsidy payment rates that ensure equal access, Lead Agencies must collect and analyze statistically valid and reliable data and have the option to conduct either a (1) market rate survey (MRS) reflecting variations in the price to parents of child care services by geographic area, type of provider, and age of child, or (2) an ACF pre-approved alternative methodology, such as a

cost estimation model, which estimates the cost of care by incorporating both data and assumptions to estimate what expected costs would be incurred by child care providers and parents under different scenarios. All Lead Agencies must analyze the cost of providing child care through a narrow cost analysis or pre-approved alternative methodology.

Prior to conducting the MRS or pre-approved alternative, Lead Agencies must consult with the State Advisory Council on Early Childhood Education and Care (designated or established pursuant to the Head Start Act (42 U.S.C. 9837b(b)(1)(A)(i)) or similar coordinating body, local child care program administrators, local child care resource and referral agencies, and other appropriate entities; and organizations representing child care caregivers, teachers, and directors. Prior to conducting the MRS or pre-approved alternative methodology, Lead Agencies must consult with the State Advisory Council on Early Childhood Education and Care (designated or established pursuant to the Head Start Act (42 U.S.C. 9837b(b)(1)(A)(i)) or similar coordinating body, local child care program administrators, local child care resource and referral agencies, and other appropriate entities; and organizations representing child care caregivers, teachers, and directors.

Note: Any Lead Agency considering using an alternative methodology instead of a market rate survey to set payment rates, is required to submit a description of its proposed approach to OCC for pre-approval in advance of developing and conducting the alternative methodology. Advance approval is not required if the Lead Agency plans to implement both an MRS and an alternative methodology to set rates at a percentile of the market rate, but a Lead Agency conducting a limited market rate survey and using it to inform their cost model would need pre-approval for this approach. In its request for ACF pre-approval, a Lead Agency must provide details on the following elements of their proposed alternative methodology:

- Overall approach and rationale for using proposed methodology
- Description of stakeholder engagement
- Data collection timeframe (if applicable)
- Description of the data and assumptions included in the methodology, including how these elements will yield valid and reliable results from the model
- Description of how the methodology will capture the universe of providers, and reflect variations by provider type, age of children, geographic location, and quality

4.2.1 Completion of the market rate survey or ACF pre-approved alternative methodology

Did the Lead Agency conduct a statistically valid and reliable MRS or ACF pre-approved alternative methodology to meet the CCDF requirements to assess child care prices and/or costs and determine payment rates? Check only one based on which methodology was used to determine your payment rates.

- a. Market rate survey.
 - i. When were the data gathered (provide a date range; for instance, September – December 2023)? [Click or tap here to enter text.](#)

d. An MRS must be statistically valid and reliable.

An MRS can use administrative data, such as child care resource and referral data, if it is representative of the market. Please provide the following information about the market rate survey:

- i. When was the market rate survey completed? [Click or tap here to enter text.](#)
- ii. What was the time period for collecting the information (e.g., all of the prices in the survey are collected within a three-month time period)? [Click or tap here to enter text.](#)

- iv. What databases are used in the survey? Are they from multiple sources, including licensing, resource and referral, and the subsidy program? [Click or tap here to enter text.](#)
- v. How does the survey use good data collection procedures, regardless of the method for collection (mail, telephone, or web-based survey)? [Click or tap here to enter text.](#)

- e. Price variations reflected.
- The market rate survey data or ACF pre-approved alternative methodology data must reflect variations in child care prices or cost of child care services in specific categories.
- i. Describe how the market rate survey or pre-approved alternative methodology reflected variation in geographic area (e.g., county, region, urban, rural). Include information on whether parts of the State or Territory were not represented by respondents and include information on how prices or costs could be linked to local geographic areas. [Click or tap here to enter text.](#)
 - ii. Describe how the market rate survey or pre-approved alternative methodology reflected variation in type of provider (e.g., licensed providers, license-exempt providers, center-based providers, family child care home providers, home based providers). [Click or tap here to enter text.](#)
 - iii. Describe how the market rate survey or pre-approved alternative methodology reflected age of child (e.g., infant, toddler, preschool, school-age): [Click or tap here to enter text.](#)
 - iv. Describe any other key variations examined by the market rate survey or ACF pre-approved alternative methodology, such as quality level: [Click or tap here to enter text.](#)

4.2.2 Cost analysis

If a Lead Agency does not complete a cost-based pre-approved alternative methodology, they must analyze the cost of providing child care services through a narrow cost analysis. A narrow cost analysis is a study of what it costs providers to deliver child care at two or more levels of quality: (1) a base level of quality that meets health, safety, staffing, and quality requirements, and (2) one or more higher levels of quality as defined by the Lead Agency. The narrow cost analysis must estimate costs by levels of quality; include relevant variation by provider type, child's age, or location; and analyze the gaps between estimated costs and payment rates to inform payment rate setting. Lead agencies are not required to complete a separate narrow cost analysis if their pre-approved alternative methodology addresses all of the components required in the narrow cost analysis.

Describe how the Lead Agency analyzed the cost of child care through a narrow cost analysis or pre-approved alternative methodology for the FFY 2025–2027 CCDF Plan, including:

- a. How did the Lead Agency conduct a narrow cost analysis (e.g., a cost model, a cost study, existing data or data from the Provider Cost of Quality Calculator)? [Click or tap here to enter text.](#)
- b. In the Lead Agency's analysis, were there any relevant variations by geographic location, category of provider, or age of child? [Click or tap here to enter text.](#)
- c. What assumptions and data did the Lead Agency use to determine the cost of care at the base level of quality (e.g., ratios, group size, staff compensations, staff training, etc.)? [Click or tap here to enter text.](#)
- d. How does the Lead Agency define higher quality and what assumptions and data did the Lead Agency use to determine cost at higher levels of quality (e.g., ratio, group size, staffing levels, staff compensation, professional development requirements)? A Lead Agency can use a quality improvement system or other system of quality indicators (e.g., accreditation, pre-Kindergarten standards, Head Start Program Performance Standards, or State-defined quality measures). [Click or tap here to enter text.](#)
- e. What is the gap between cost and price, and how did the Lead Agency consider this while setting payment rates? Did the Lead Agency target any rate increases where gaps were the largest or develop any long-term plans to increase rates based on this information? [Click or tap here to enter text.](#)

4.2.3 Publicly available report on the cost and price of child care

The Lead Agency must prepare a detailed report containing the results of the MRS or ACF pre-approved alternative methodology and include the Narrow Cost Analysis if an ACF pre-approved alternative methodology was not conducted.

The Lead Agency must make this report widely available no later than 30 days after completion of the report, including posting the results on the Lead Agency website. The Lead Agency must describe in the detailed report how the Lead Agency took into consideration the views and comments of the public or stakeholders prior to conducting the MRS or ACF pre-approved alternative methodology.

Describe how the Lead Agency made the results of the market rate survey or ACF pre-approved alternative methodology report widely available to the public by responding to the questions below.

- i. Provide the date the report was completed: [Click or tap here to enter text.](#)
- ii. Provide the date the report containing results was made widely available (no later than 30 days after the completion of the report): [Click or tap here to enter text.](#)
- iii. Provide a link to the website where the report is posted and describe any other strategies the Lead Agency uses to make the detailed report widely available: [Click or tap here to enter text.](#)
- iv. Describe how the Lead Agency considered partner views and comments in the detailed report. Responses should include which partners were engaged and how partner input influenced the market rate survey or alternative methodology: [Click or tap here to enter text.](#)

4.3 Adequate Payment Rates

The Lead Agency must set CCDF subsidy payment rates in accordance with the results of the current MRS or ACF pre-approved alternative methodology and at a level to ensure equal access for eligible families to child care services comparable with those provided to families not receiving CCDF assistance. Lead Agencies are also required to provide a summary of data and facts to demonstrate how payment rates ensure equal access, which means the Lead Agency must also consider the costs of base level care and higher quality care as part of its rate setting. Finally, the Lead Agency must re-evaluate its payment rates at least every 3 years.

The ages and types of care listed in the base payment rate tables are meant to provide a snapshot of the categories of rates and are not intended to be comprehensive of all categories that might exist or to reflect the terms used by the Lead Agency for particular ages. If rates are not statewide, please provide all variations of payment rates when reporting base payment rates below.

Base rates are the lowest, foundational rates before any differentials are added (e.g., for higher quality or other purposes) and must be sufficient to ensure that minimum health, safety, quality, and staffing requirements are covered. These are the rates that will be used to determine compliance with equal access requirements.

4.3.1 Payment rates

- a. Are the payment rates that the Lead Agency is reporting in 4.3.2 set statewide by the Lead Agency?
 - Yes.
 - i. If yes, check if the Lead Agency:
 - Sets the same payment rates for the entire State or Territory.
 - Sets different payment rates for different regions in the State or Territory.
 - No.
 - ii. If no, identify how many jurisdictions set their own payment rates: [Click or tap here to enter text.](#)
- b. Provide the date the current payment rates became effective (i.e., date of last payment rate update based on most recent MRS or ACF pre-approved alternative methodology as reported in 4.2.1). [Click or tap here to enter text.](#)
- c. If the Lead Agency does not publish weekly rates, then how were the rates reported in 4.3.2 or 4.3.3 calculated (e.g., were daily rates multiplied by 5 or monthly rates divided by 4.3)? [Click or tap here to enter text.](#)

4.3.2 Base payment rates

- a. Provide the base payment rates in the tables below. If the Lead Agency completed a market rate survey (MRS), provide the percentiles based on the most recent MRS for the identified categories. If the Lead Agency sets different payment rates for different regions in the State or Territory (and checked 4.3.1aii), provide the rates for the most populous region as well as the region with payment rates set at the lowest percentile. Percentiles are not required if the Lead Agency also conducted an ACF pre-approved alternative methodology but must be reported if the Lead Agency conducted an MRS only.

The preamble to the 2016 final rule states that a benchmark for adequate payment rates is the 75th percentile of the most recent MRS. The 75th percentile benchmark applies to the base rates. The 75th percentile is the number separating the lowest 75 percent of rates from the highest 25 percent. Setting rates at the 75th percentile, while not a requirement, would ensure that eligible families can afford three out of four child care providers. In addition to reporting the 75th percentile in the tables below, the Lead Agency must also report the 50th percentile and 60th percentile for each identified category.

If the Lead Agency conducted an ACF pre-approved alternative methodology, provide the estimated cost of care for the identified categories, as well as the percentage of the cost of care covered by the established payment rate. If the Lead Agency sets different payment rates for different regions in the State or Territory (and checked 4.3.1aii), provide the estimated cost of care and the percentage of the cost of care covered by the established payment rate for the most populous region as well as the region with rates established at the lowest percent of the cost of care.

For each identified category below, provide the percentage of providers who are receiving the base rate without any add-ons or differential payments.

Provide the full-time weekly base payment rates in the table below. If weekly payment rates are not published, then the Lead Agency will need to calculate its equivalent.

Care Type	Base payment rate (specify unit, e.g., per day, per week, per month)	% of providers receiving Base rate	Full-Time Weekly Base Payment Rate	What is the percentile of the rate? b. Does the Lead Agency certify that the percentiles reported in the table above are calculated based on their most recent MRS or ACF pre-approved Alternative Methodology?

Yes.

No. If no, what is the year of the MRS or ACF pre-approved alternative methodology that the Lead Agency used? What was the reason for not using the most recent MRS or ACF pre-approved alternative methodology? Describe: *Click or tap here to enter text.*

4.3.3 Tiered rates, differential rates, and add-ons

Lead Agencies may establish tiered rates, differential rates, or add-ons on top of their base rates as a way to increase payment rates for targeted needs (e.g., a higher rate for serving children with special needs).

a. Does the Lead Agency provide any rate add-ons above the base rate?

Yes. If yes, describe the add-ons, including what they are, who is eligible to receive the add-ons, and how often are they paid: *Click or tap here to enter text.*

No.

b. Has the Lead Agency chosen to implement tiered reimbursement or differential rates?

Yes.

No. Tiered or differential rates are not implemented.

If yes, identify below any tiered or differential rates, and, at a minimum, indicate the process and basis used for determining the tiered rates, including if the rates were based on the MRS or an ACF pre-approved alternative methodology. Check and describe all that apply:

- i. Differential rate for non-traditional hours. Describe: [Click or tap here to enter text.](#)

- b. How did the Lead Agency determine that the rates are adequate to meet health, safety, quality, and staffing requirements under CCDF? [Click or tap here to enter text.](#)
- c. How did the Lead Agency use the cost of care, either from the narrow cost analysis or the ACF pre-approved alternative methodology to inform rate setting, including how using the cost of care promotes the stabilization of child care providers? [Click or tap here to enter text.](#)
- d. How did the Lead Agency account for the cost of higher quality while setting payment rates? [Click or tap here to enter text.](#)
- e. Identify and describe any additional facts (not covered in responses to 4.3.1 – 4.3.3) that the Lead Agency considered in determining its payment rates to ensure equal access. [Click or tap here to enter text.](#)

4.4 Payment Practices to Providers

Lead Agencies must use subsidy payment practices that reflect practices that are generally accepted in the private pay child care market. The Lead Agency must ensure timeliness of payment to child care providers by paying in advance or at the beginning of delivery of child care services. Lead Agencies must also support the fixed cost of child care services based on paying by the child's authorized enrollment, or if impracticable, an alternative approach that will not undermine the stability of child care programs as justified and approved through this Plan.

Lead Agencies must also (1) pay providers based on established part-time or full-time rates rather than paying for hours of service or smaller increments of time, and (2) pay for reasonable, mandatory registration fees that the provider charges to private-paying parents. These policies apply to all provider types unless the Lead Agency can demonstrate that in limited circumstances the policies would not be considered generally-accepted payment practices.

In addition, Lead Agencies must ensure that child care providers receive payment for any services in accordance with a payment agreement or an authorization for services, ensure that child care providers receive prompt notice of changes to a family's eligibility status that could impact payment, and have timely appeal and resolution processes for any payment inaccuracies and disputes.

4.4.1 Prospective and enrollment-based payment practices

Lead Agencies must use payment practices for all CCDF child care providers that reflect generally-accepted payment practices of providers serving private-pay families, including paying providers in advance or at the beginning of the delivery of child care services and paying based on a child's authorized enrollment or an alternative approach for which the Lead Agency must demonstrate paying for a child's authorized enrollment is not practicable and it will not undermine the stability of child care programs. Lead Agencies may only use alternate approaches for subsets of provider types if they can demonstrate that prospective payments and authorized enrollment-based payment are not generally-accepted for a type of child care setting. Describe the Lead Agency payment practices for all CCDF child care providers:

- a. Does the Lead Agency pay all provider types prospectively (i.e., in advance of or at the beginning of the delivery of child care services)?
 - Yes. If yes, describe: [Click or tap here to enter text.](#)
 - No, it is not a generally-accepted payment practice for each provider type. If no, describe the provider type not paid prospectively and the data demonstrating it is not a generally-accepted payment practice for that provider type, and describe the Lead Agency's payment practice that ensures timely payment for that provider type: [Click or tap here to enter text.](#)
- b. Does the Lead Agency pay based on authorized enrollment for all provider types?
 - Yes. The Lead Agency pays all providers by authorized enrollment and payment is not altered based on a child's attendance or the number of absences a child has.
 - No, it is not a generally-accepted practice for each provider type. If no, describe the provider types not paid by authorized enrollment, including the data showing it is not a generally-accepted payment practice for that provider type, and describe how the payment policy accounts for fixed costs: [Click or tap here to enter text.](#)

No, it is impracticable. Describe provider type(s) for which it is impracticable, why it is impracticable, and the alternative approach the Lead Agency uses to delink provider payments from occasional absences, including evidence that the alternative approach will not undermine the stability of child care programs, and thereby accounts for fixed costs: [Click or tap here to enter text.](#)

4.4.2 Other payment practices

Lead Agencies must (1) pay providers based on established part-time or full-time rates rather than paying for hours of service or smaller increments of time, and (2) pay for reasonable, mandatory registration fees that the provider charges to private-paying parents, unless the Lead Agency provides evidence that such practices are not generally-accepted for providers caring for children not participating in CCDF in its State or Territory.

- a. Does the Lead Agency pay all providers on a part-time or full-time basis (rather than paying for hours of service or smaller increments of time)?
 Yes.
 No. If no, describe the policies or procedures that are different than paying on a part-time or full-time basis and the Lead Agency's rationale for not paying on a part-time or full-time basis: [Click or tap here to enter text.](#)
- b. Does the Lead Agency pay for reasonable mandatory registration fees that the provider charges to private-paying parents?
 Yes. If yes, identify the fees the Lead Agency pays for: [Click or tap here to enter text.](#)
 No. If no, identify the data and how data were collected to show that paying for fees is not a generally-accepted payment practice: [Click or tap here to enter text.](#)

- d. Describe how the Lead Agency provides prompt notice to providers regarding any changes to the family's eligibility status that could impact payments, and such a notice is sent no later than the day that the Lead Agency becomes aware that such a change will occur: [Click or tap here to enter text.](#)
- e. Describe the Lead Agency's timely appeal and resolution process for payment inaccuracies and disputes: [Click or tap here to enter text.](#)

4.5 Supply Building

Building a supply of high-quality child care that meets the needs and preferences of parents participating in CCDF is necessary to meet CCDF's core purposes. 4.5.1 Child care services available through grants or contracts

4.5.2 Care in the child's home (in-home care)

The Lead Agency must allow for in-home care (i.e., care provided in the child's own home) but may limit its use.

Will the Lead Agency limit the use of in-home care in any way?

- Yes.
- No.

If yes, what limits will the Lead Agency set on the use of in-home care? Check all that apply.

5 Health and Safety of Child Care Settings

Child care health and safety standards and enforcement practices are essential to protect the health and safety of children while out of their parents' care. CCDF provides a minimum threshold for child care health and safety policies and practices but leaves authority to Lead Agencies to design standards that appropriately protect children's safety and promote nurturing environments that support their healthy growth and development. Lead Agencies should set standards for ratios, group size limits, and provider qualifications that help ensure that the child care environment is conducive to safety and learning and enable caregivers to promote all domains of children's development.

CCDF health and safety standards help set clear expectations for CCDF providers, form the foundation for health and safety training for child care workers, and establish the baseline for monitoring to ensure compliance with health and safety requirements. These health and safety requirements apply to all providers serving children receiving CCDF services – whether the providers are licensed or license-exempt, must be appropriate to the provider setting and age of the children served, must include specific topics and training on those topics, and are subject to monitoring and enforcement procedures by the Lead Agency. CCDF-required annual monitoring and enforcement actions help ensure that CCDF providers are adopting and implementing health and safety requirements.

Through child care licensing, Lead Agencies set minimum requirements, including health and safety requirements, that child care providers must meet to legally operate in that State or Territory. In some cases, CCDF health and safety requirements may be integrated within the licensing system for licensed providers and may be separate for CCDF providers who are license-exempt.

This section addresses CCDF health and safety requirements, Lead Agency licensing requirements and exemptions, and comprehensive background checks.

When responding to questions in this section, OCC recognizes that each Lead Agency identifies and defines its own categories of care. OCC does not expect Lead Agencies to change their definitions to fit the CCDF-defined categories of care. For these questions, provide responses that best match the CCDF categories of care.

The only exception to this requirement is for relative providers, as defined by CCDF. Lead Agencies have the option of exempting certain relatives from any or all CCDF health and safety requirements.

Exemptions for relative providers' standards requirements will be addressed in question 5.8.1.

6 Support for a Skilled, Qualified, and Compensated Child Care Workforce

A skilled child care workforce with adequate wages and benefits underpins a stable high-quality child care system that is accessible and reliable for working parents and that meets their needs and promotes equal access. Positive interactions between children and caregivers provide the cornerstone of quality child care experiences. Responsive caregiving and rich interactions support healthy socio-emotional, cognitive, and physical development in children. Strategies that successfully support the child care workforce address key challenges, including low wages, poor benefits, and difficult job conditions. Lead Agencies can help mitigate some of these challenges through various CCDF policies, including through ongoing professional development and supports for all provider types and embedded in the payment policies and practices covered in Section 4. Lead Agencies must have a framework for training, professional development, and post-secondary education. They must also incorporate health and safety training into their professional development. Lead Agencies should also implement policies that focus on improving wages and access to benefits for the child care workforce. When implemented as a cohesive approach, the initiatives support the recruitment and retention of a qualified and effective child care workforce, and improve opportunities for caregivers, teachers, and directors to advance on their progression of training, professional development, and postsecondary education.

This section addresses Lead Agency efforts to support the child care workforce, the components and implementation of the professional development framework, and early learning and developmental guidelines.

6.4 Early Learning and Developmental Guidelines

Lead Agencies must develop, maintain, or implement early learning and developmental guidelines appropriate for children from birth to kindergarten entry. Early learning and developmental guidelines should describe what children should know and be able to do at different ages and cover the essential domains of early childhood development, which at a minimum includes cognition, including language arts and mathematics; social, emotional, and physical development; and approaches toward learning.

7 Quality Improvement Activities

The quality of child care directly affects children's safety and healthy development while in care settings, and high-quality child care can be foundational across the lifespan. Lead Agencies may use CCDF for quality improvement activities for all children in care, not just those receiving child

care subsidies. OCC will collect the most detailed Lead Agency information about quality improvement activities in annual reports instead of this Plan.

Lead Agencies must report on CCDF child care quality improvement investments in three ways:

1. In this Plan, Lead Agencies will describe the types of activities supported by quality investments over the 3-year period.
2. An annual expenditure report (the ACF-696). Lead Agencies will provide data on how much CCDF funding is spent on quality activities. This report will be used to determine compliance with the required quality and infant and toddler spending requirements.
3. An annual Quality Progress Report (the ACF-218). Lead Agencies will provide a description of activities funded by quality expenditures, the measures used to evaluate its progress in improving the quality of child care programs and services within the State/Territory, and progress or barriers encountered on those measures.

In this section of the Plan, Lead Agencies will describe their quality activities needs assessment and identify the types of quality improvement activities where CCDF investments are being made using quality set-aside funds.

7.1 Quality Activities Needs Assessment

7.1.1 Needs assessment process and findings

- a. Describe the Lead Agency needs assessment process for expending CCDF funds on activities to improve the quality of child care, including the frequency of assessment, how a diverse range of parents and providers were consulted, and how their views are incorporated: [Click or tap here to enter text.](#)
- b. Describe the findings of the assessment, including any findings related to needs of different populations and types of providers, and if any overarching goals for quality improvement were identified: [Click or tap here to enter text.](#)

7.2 Use of Quality Set-Aside Funds

Lead Agencies must use a portion of their CCDF expenditures for activities designed to improve the quality of child care services and to increase parental options for and access to high-quality child care. They must use the quality set-aside funds on at least one of 10 activities described in CCDF and the quality activities must be aligned with a Statewide or Territory-wide assessment of the State's or Territory's need to carry out such services and care.

8 Lead Agency Coordination and Partnerships to Support Service Delivery

Coordination and partnerships help ensure that the Lead Agency's efforts accomplish CCDF goals effectively, leverage other resources, and avoid duplication of effort. Such coordination and partnerships can help families better access child care, can assist in providing consumer education to parents, and can be used to improve child care quality and the stability of child care providers. Such coordination can also be particularly helpful in the aftermath of disasters when the provision of emergency child care services and the rebuilding and restoring of child care infrastructure are an essential part of ensuring the well-being of children and families in recovering communities.

This section identifies who the Lead Agency collaborates with to implement services, how match and maintenance-of-effort (MOE) funds are used, coordination with child care resource and referral (CCR&R) systems, and efforts for disaster preparedness and response plans to support continuity of operations in response to emergencies.

8.1 Coordination with Partners to Expand Accessibility and Continuity of Care

Lead Agencies must coordinate child care services supported by CCDF with other federal, State/Territory, and local level programs. This includes programs for the benefit of Indian children, infants and toddlers, children with disabilities, children experiencing homelessness, and children in foster care.

8.1.1 Coordination with required and optional partners

Describe how the Lead Agency coordinates and the results of this coordination of the provision of child care services with the organizations and agencies to expand accessibility and continuity of care and to assist children enrolled in early childhood programs in receiving full-day services that meet the needs of working families.

The Lead Agency must coordinate with the following agencies:

8.2 Optional Use of Combined Funds, CCDF Matching, and Maintenance-of-Effort Funds

Lead Agencies may combine CCDF funds with other Federal, State, and local child care and early childhood development programs, including those in 8.1.1. These programs include preschool programs, Tribal child care programs, and other early childhood programs, including those serving infants and toddlers with disabilities, children experiencing homelessness, and children in foster care.

Combining funds may include blending multiple funding streams, pooling funds, or layering funds from multiple funding streams to expand and/or enhance services for infants, toddlers, preschoolers, and school-age children and families to allow for the delivery of comprehensive quality care that meets the needs of children and families. For example, Lead Agencies may use multiple funding sources to offer grants or contracts to programs to deliver services; a Lead

Agency may allow a county/local government to use coordinated funding streams; or policies may be in place that allow local programs to layer CCDF funds with additional funding sources to pay for full-day, full-year child care that meets Early Head Start/Head Start Program Performance Standards or State/Territory pre-Kindergarten requirements in addition to State/Territory child care licensing requirements.

As a reminder, CCDF funds may be used in collaborative efforts with Head Start and Early Head Start programs to provide comprehensive child care and development services for children who are eligible for both programs.

8.2.1 Combining funding for CCDF services

Does the Lead Agency combine funding for CCDF services with Title XX of the Social Services Block Grant (SSBG), Title IV B 21st Century Community Learning Center Funds, State-only child care funds, TANF direct funds for child care not transferred into CCDF, Title IV-B, IV-E funds, or other federal or State programs?

No. (If no, skip to question 8.2.2)

Yes.

i. If yes, describe which funds you will combine. Combined funds may include, but are not limited to:

Title XX (Social Services Block Grant, SSBG)

Title IV B 21st Century Community Learning Center Funds (Every Student Succeeds Act)

State- or Territory-only child care funds

TANF direct funds for child care not transferred into CCDF

Title IV-B funds (Social Security Act)

Title IV-E funds (Social Security Act)

Other. Describe: [Click or tap here to enter text.](#)

ii. If yes, what does the Lead Agency use combined funds to support, such as extending the day or year of services available (i.e., full-day, full-year programming for working families), smoothing transitions for children, enhancing and aligning quality of services, linking comprehensive services to children in child care, or developing the supply of child care for vulnerable populations? [Click or tap here to enter text.](#)

8.2.2 Funds used to meet CCDF matching and MOE requirements

Lead Agencies may use public funds and donated funds to meet CCDF match and maintenance of effort (matching MOE) requirements.

Note: Lead Agencies that use State pre-Kindergarten funds to meet matching requirements must check State pre-Kindergarten funds and public and/or private funds.

Use of private funds for match or maintenance-of-effort: Donated funds do not need to be under the administrative control of the Lead Agency to qualify as an expenditure for federal match.

However, Lead Agencies must identify and designate in the State/Territory CCDF Plan the donated funds given to public or private entities to implement the CCDF child care program.

Not applicable. The Lead Agency is a Territory (skip to 8.3.1).

a. Does the Lead Agency use public funds to meet match requirements?

Yes. If yes, describe which funds are used: [Click or tap here to enter text.](#)

No.

b. Does the Lead Agency use donated funds to meet match requirements?

Yes. If yes, identify the entity(ies) designated to receive donated funds:

i. Donated directly to the state.

ii. Donated to a separate entity(ies) designated to receive donated funds. If checked, identify the name, address, contact, and type of entities designated to receive private donated funds: [Click or tap here to enter text.](#)

No.

c. Does the Lead Agency certify that, if State expenditures for pre-Kindergarten programs are used to meet the MOE requirements, the following is true:

- The Lead Agency did not reduce its level of effort in full-day/full-year child care services.
- The Lead Agency ensures that pre-Kindergarten programs meet the needs of working parents.
- The estimated percentage of the MOE requirement that will be met with pre-Kindergarten expenditures (does not to exceed 20 percent).
- If the percentage is more than 10 percent of the MOE requirement, the State will coordinate its pre-Kindergarten and child care services to expand the availability of child care.

Public pre-Kindergarten funds may also serve as MOE funds as long as the State can describe how it will coordinate pre-Kindergarten and child care services to expand the availability of child care while using public pre-Kindergarten funds as no more than 20 percent of the State's MOE or 30 percent of its matching funds in a single fiscal year.

If expenditures for pre-Kindergarten services are used to meet the MOE requirement, does the Lead Agency certify that the State or Territory has not reduced its level of effort in full-day/full-year child care services?

Yes.

No. If no, describe: [Click or tap here to enter text.](#)

8.3 Coordination with Child Care Resource and Referral Systems

Lead Agencies may use CCDF funds to establish or support a system or network of local or regional child care resource and referral (CCR&R) organizations that is coordinated, to the extent determined by the Lead Agency, by a statewide public or private non-profit, community-based or

regionally based, lead child care resource and referral organization (such as a statewide CCR&R network).

If Lead Agencies use CCDF funds for local CCR&R organizations, the local or regional CCR&R organizations supported by those funds must, at the direction of the Lead Agency:

- Provide parents in the State with consumer education information concerning the full range of child care options (including faith-based and community-based child care providers), analyzed by provider, including child care provided during non-traditional hours and through emergency child care centers, in their area.
- To the extent practicable, work directly with families who receive assistance to offer the families support and assistance to make an informed decision about which child care providers they will use to ensure that the families are enrolling their children in the most appropriate child care setting that suits their needs and one that is of high quality (as determined by the Lead Agency).
- Collect data and provide information on the coordination of services and supports, including services under Part B, Section 619 and Part C of the Individuals with Disabilities Education Act.
- Collect data and provide information on the supply of and demand for child care services in areas of the State and submit the information to the Lead Agency.
- Work to establish partnerships with public agencies and private entities, including faith-based and community-based child care providers, to increase the supply and quality of child care services in the State and, as appropriate, coordinate their activities with the activities of the Lead Agency and local agencies that administer funds made available through CCDF.

8.3.1 Funding a system or network of CCR&R organization(s)

Does the Lead Agency fund a system or network of local or regional CCR&R organization(s)?

- No. The Lead Agency does not fund a system or network of local or regional CCR&R organization(s) and has no plans to establish one.
- No, but the Lead Agency has plans to develop a system or network of local or regional CCR&R organization(s).
- Yes. The Lead Agency funds a system or network of local or regional CCR&R organization(s) with all the responsibilities outlined above. If yes, describe the activities outlined above carried out by the CCR&R organization(s), as directed by the Lead Agency: [Click or tap here to enter text.](#)

8.4 Public-Private Partnerships

Lead Agencies must demonstrate how they encourage partnerships among other public agencies, Tribal organizations, private entities, faith-based organizations, businesses, or organizations that promote business involvement, and/or community-based organizations to leverage existing service delivery (i.e., cooperative agreement among providers to pool resources to pay for shared fixed costs and operation) to leverage existing child care and early education service delivery systems and to increase the supply and quality of child care services for children younger than age 13.

8.4.1 Lead Agency public-private partnerships

Identify and describe any public-private partnerships encouraged by the Lead Agency to leverage public and private resources to further the goals of CCDF: [Click or tap here to enter text.](#)

8.5 Disaster Preparedness and Response Plan

Lead Agencies must establish a Statewide Child Care Disaster Plan and demonstrate how they will address the needs of children—including the need for safe child care before, during, and after a state of emergency declared by the Governor or a major disaster or emergency (as defined by Section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5122)—through a Statewide Disaster Plan.

- ix. If available, provide the direct URL/website link to the website where the Statewide Child Care Disaster Plan is posted: [Click or tap here to enter text.](#)

9 Family Outreach and Consumer Education

CCDF consumer education requirements facilitate parental choice in child care arrangements, support parents as child care consumers who need information to make informed choices regarding the services that best suit their family’s needs, and the delivery of resources that can support child development and well-being. Lead Agency consumer education activities must provide information for parents receiving CCDF assistance, the general public, and, when appropriate, child care providers. Lead Agencies should use targeted strategies for each group to ensure tailored consumer education information and take steps to ensure they are effectively reaching all individuals, including those with limited English proficiency and those with disabilities.

In this section, Lead Agencies address their consumer education practices, including details about their child care consumer education website, and the process for collecting and maintaining a record of parental complaints.

9.1 Parental Complaint Process

Lead Agencies must maintain a record of substantiated parental complaints against child care providers and make information regarding such complaints available to the public on request. Lead Agencies must also provide a detailed description of the hotline or similar reporting process for parents to submit complaints about child care providers; the process for substantiating complaints; the manner in which the Lead Agency maintains a record of substantiated parental complaints; and ways that the Lead Agency makes information on such parental complaints available to the public on request.
