

to assess eligibility is provided by sponsors.

Form I-864A is a contract between the sponsor and the sponsor's household members. It is only required if the sponsor used income of their household members to reach the required 125 percent of the Federal poverty guidelines. The contract holds these household members jointly and severally liable for the support of the sponsored immigrant. The information collection required on Form I-864A is necessary for public benefit agencies to enforce the Affidavit of Support in the event the sponsor used income of their household members to reach the required income level and the public benefit agencies are requesting reimbursement from the sponsor.

USCIS uses Form I-864EZ in exactly the same way as Form I-864; however, USCIS collects less information from the sponsors as less information is needed from those who qualify in order to make a thorough adjudication.
