INSTRUCTIONS

Items on the Mission Assignment Task Order (MATO) that are not specifically listed are self-explanatory. Indicate "see attached" in any field for which additional space or more information is required.

When it's determined that a requirement or a request falls within the Statement of Work (SOW) of an existing Mission Assignment (MA), then the FEMA Project Manager (PM) or Other Federal Agency (OFA) Action Officer (AO) prepares a MATO to direct specific activities within the scope of the existing MA. MATOs must be approved and signed by the FEMA Project Manager.

- **MA #:** The Mission Assignment (MA) under which the MATO is tasked.
- **MATO #:** Sequential number assigned in chronological order for each MATO issued under an individual MA.
- **RRF #:** If applicable, when MATO was initiated through a resource request form (RRF).
- **Date:** The date the MATO is created.
- **Beginning Date:** The projected beginning date of the MATO cannot begin earlier than the projected start date on the mission assignment.
- **Completion Date:** The projected completion date of the MATO cannot end after the projected end date on the mission assignment.
- **Cost Estimate:** Estimated cost to complete the specific tasking. The MATO does not obligate additional funds. MATOs provide estimated costs for specific taskings under an existing MA within the MA's obligation. If additional funding is required for the tasking, an RRF and MA Amendment must be completed to request and obligate the funding.
- **Description of Task:** Describes the specific tasking and/or resources required. This description provides more detail than what is contained in the MA Statement of Work (SOW). The tasking must clearly fall within the SOW on the MA.
- **Comments:** Provide additional or clarifying information. May be used to document completion of the task.
