

**Justification for a no material/nonsubstantive change to a currently approved collection**

OMB Control Number 9000-0001, Certain Federal Acquisition Regulation (FAR) Part 28 Requirements

The agency identified the FAR clause at 52.228-11, Individual Surety—Pledge of Assets; and the FAR provision at 52.228-17, Individual Surety—Pledge of Assets (Bid Guarantee), as the “instruments calling for the collection or disclosure of information” (5 CFR 1320.3(c)) by requiring the submission of the Standard Form (SF) 28, Affidavit of Individual Surety.

The agency concluded that neither the clause at 52.228-11 nor the provision at 52.228-17 impose an additional burden beyond that imposed by completing the SF 28, which is the “form or format” where the collection occurs.

The agency requested the updates to the Supporting Statement as a clarification to ensure the accuracy and completeness of the collection.
