

WHEAT VARIETIES - 2023 CROP YEAR

OMB No.0535-0002
Approval Expires: xx/xx/20xx

If you've already seeded or plan to seed wheat this fall or next spring, for any purpose, please report acres by variety below. Wheat variety information will be summarized, and State level statistics provided to Texas A&M AgriLife Extension, Texas Wheat Producers Association, Texas Foundation Seed Service, and Texas Seed Trade Association who are funding this project. Only State totals will be provided. **Individual reports will remain confidential.**

**Acres Seeded
or to be Seeded
for 2023**

7600

1. How many acres of wheat have been or will be planted for the **2023** crop year on this operation?
2. Please enter the acreage of each variety **you have or will seed for all purposes** on the farm you operate. If your variety is not shown, please enter the name of each variety under "Other" and report the corresponding acreage.

The information you provide will be used for statistical purposes only. Your response will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection and Statistical Efficiency Act of 2018, Title III of Pub. L. No. 115-435, codified in 44 U.S.C. Ch. 35 and other applicable Federal laws. For more information on how we protect your information please visit: <https://www.nass.usda.gov/confidentiality>. Response is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0002. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information
