The authority for the collection of this information for the Census Household Panel Topicals 7, 8, 9 (0607-1025) is provided under Title 13, Sections 141, 182, and 193.

[The purpose of collecting information in Topical 7 (May) is to learn about respondents' opinions on government data collection and data use.

The purpose of collecting information in Topical 8 (June) is to test changes to the Current Population Survey's Annual Social and Economic Supplement (ASEC) interviewer administered questions for suitability in internet self-response mode.

The purpose of collecting information in Topical 9 (July) is to test changes to the Current Population Survey's Annual Social and Economic Supplement (ASEC) interviewer administered questions for suitability in internet self-response mode.]

Disclosure of the information provided to us to other Census Bureau staff for work-related

purposes is permitted under the Privacy Act of 1974 (5 U.S.C. § 552a). Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice COMMERCE/Census-3 Demographic Survey Collection (Census Bureau Sampling Frame).

Staff (employees and contractors) received training on privacy and confidentiality policies and practices; access to PII is restricted to authorized personnel only. Personally identifiable information collected includes name, address, telephone/cell phone number, DOB or age, email address, race or ethnicity.

FedRAMP-approved computer systems that maintain sensitive information are in compliance with the Federal Information Security Management Act. Unsecured telecommunications to transmit individually identifiable information is prohibited. Information will only be shared with staff and contractors that are special sworn status and sponsors of reimbursable surveys. Furnishing this information is voluntary. Failure to do so will result in no consequences to you.

We estimate that completing this voluntary survey will take 20 minutes on average. Send comments regarding this estimate or any other aspect of this survey to adrm.pra@census.gov. The U.S. Census Bureau is required by law to protect your information. The Census Bureau is not permitted to publicly release your responses in a way that could identify you. Federal law protects your privacy and keeps your answers confidential (Title 13, United States Code, Section 9 and Title 5, U.S. Code, Section 552a). This collection has been approved by the Office of Management and Budget (OMB). This eight-digit OMB approval number, 0607-1025, confirms this approval and expires on 6/30/2026. Topical 7 Questionnaire 2030 Census Use of Existing Data Survey

Start of Block: Survey Introduction

Intro The questions in this survey ask about your opinions on government data collection and data use. Thank you for agreeing to participate.

This voluntary survey is being conducted under the authority of Title 13 U.S. Code, Sections 141, and 182. Federal law requires that your answers are kept confidential (Title 13, U.S. Code, Section 9) and protects your privacy under the Privacy Act (Title 5 U.S. Code, Section 552a). Per the Federal Cybersecurity Enhancement Act of 2015, your data are protected from cybersecurity risks through screening of the systems that transmit your data.

The purpose of this survey is to improve future censuses and Census Bureau surveys. Routine uses of these data are limited to those identified in the Privacy Act System of Record Notice titled "COMMERCE/CENSUS-5, Decennial Census Programs."

Furnishing this information is voluntary; however, failure to do so will limit the Census Bureau's ability to gather information used in the development of survey instruments, and other communication materials in order to produce materials that are clear and easy for people to understand.

Personally Identifiable Information collected includes name, telephone/cellular phone number, DOB or age, email address, race, or ethnicity. The information provided to us may be shared with other Census Bureau staff, contractors and those who have a need to know for work-related purposes who are sworn to uphold the confidentiality of the data. The Census Bureau can use your responses only to produce statistics and is not permitted to publicly release your responses in a way that could identify you, your business, organization, or institution.

We estimate that completing these screening questions will take 10 minutes on average. This information collection has been approved by the Office of Management and Budget (OMB). You can validate that this survey is a legitimate using the Office of Management and Budget's approval number 0607-0725, which expires 12/31/2025. We are required to tell you this number to conduct this survey. Send comments regarding this estimate or any other aspect of this survey, including suggestions for reducing the time it takes to complete this survey to adrm.pra@census.gov.

End of Block: Survey Introduction

Start of Block: Decennial census questions

DEC1 Every 10 years, the Census Bureau counts the U.S. population. The next census will be in 2030. As far as you know, what questions are asked on the census forms? *Select all that apply.*

- Name (1)
 - Age (2)
 - Phone Number (3)
 - Number of People in Household (4)
 - Race (5)
 - Hispanic ethnicity (6)
 - Sex/Gender (7)
 - Date of birth (8)
 - Whether your home is owned or rented (9)
-

DEC2 How important do you think it is for the Census Bureau to ask the questions they do on the census form?

- Very important (1)
 - Somewhat important (2)
 - A little important (3)
 - Not at all important (4)
-

DEC3 If the census were held today, how likely would you be to fill out the census form?

- Extremely likely (1)
 - Very likely (2)
 - Somewhat likely (3)
 - Not too likely (4)
 - Not at all likely (5)
-

DEC4 If the census were held today, how would you prefer to respond?

- By mailing back a paper form (1)
- Online (2)
- By speaking with an interviewer at home (3)
- By telephone (4)

End of Block: Decennial census questions

Start of Block: Decennial uses of admin data

ADMIN1 For you personally, if you did not respond to the next census in 2030, would you rather the Census Bureau get your information from your neighbors or the Census Bureau get your information from other government agencies?

- Get information from neighbors (1)
 - Get information from other government agencies (2)
-

ADMIN2 If you have to choose, for the next census in 2030 would you prefer that the Census Bureau gets your household's information from other government agencies or that the Census Bureau send an interviewer to your home to ask for it?

- Get information from other government agencies (1)

Get information from interviewer at home (2)

ADMININTROA The next section asks questions about how the Census Bureau may use existing data to improve the next Census in 2030. Existing data can come from other government agencies, private companies, or other surveys you may have answered in the past. The Census Bureau has done extensive research to make sure any existing data we use is accurate, and up-to-date.

Display This Question:

If adminintro = 2

ADMININTROB The next section asks questions about how the Census Bureau may use existing data to improve the next Census in 2030. Existing data can come from other government agencies, private companies, or other surveys you may have answered in the past.

ADMIN3 For the 2030 Census, the Census Bureau may decide to use existing data to reduce the number of mail reminders and other ways to urge participation when people do not submit their forms. If existing data for your household is adequate, we would use that data to count your household.

To what extent are you in favor of or against the Census Bureau using use existing data to reduce the number of times households are contacted?

- Strongly in favor of it (1)
- Somewhat in favor of it (2)
- Neither in favor nor against it (3)
- Somewhat against it (4)
- Strongly against it (5)

ADMIN4 For the 2030 Census if your household has adequate existing data, the Census Bureau may decide to count your household without asking for your response directly. Instead, we would use existing data to count your household.

To what extent are you in favor of or against the Census Bureau using existing data to count your household?

- Strongly in favor of it (1)
 - Somewhat in favor of it (2)
 - Neither in favor nor against it (3)
 - Somewhat against it (4)
 - Strongly against it (5)
-

ADMIN5 For the 2030 Census, the Census Bureau may decide to use existing data to fill in missing data when people do not fully complete their forms. If existing data for your household is adequate, we would use that data to complete your form.

To what extent are you in favor of or against the Census Bureau using existing data for your household to complete your form if that data is adequate?

- Strongly in favor of it (1)
 - Somewhat in favor of it (2)
 - Neither in favor nor against it (3)
 - Somewhat against it (4)
 - Strongly against it (5)
-

ADMIN6 For the 2030 Census, the Census Bureau may use existing data to identify communities for targeted messages that appeal to that community. For example, if existing data shows that your household has young children, we might send a message that highlights how the census

can support funding for education.

To what extent are you in favor of or against the Census Bureau using existing data to identify communities for targeted messages?

- Strongly in favor of it (1)
 - Somewhat in favor of it (2)
 - Neither in favor nor against it (3)
 - Somewhat against it (4)
 - Strongly against it (5)
-

ADMIN7 For the 2030 Census, the Census Bureau may use existing data to adjust information provided by households. For example, a parent may not include a young child in their household count and existing data shows the presence of a child. We could add the child to the household count based on the existing data.

To what extent are you in favor of or against the Census Bureau using existing data to adjust information provided by households?

- Strongly in favor of it (1)
 - Somewhat in favor of it (2)
 - Neither in favor nor against it (3)
 - Somewhat against it (4)
 - Strongly against it (5)
-

ADMIN8 The Census Bureau is planning on using existing data to help with counting the population for the 2030 Census. Existing data could come from other government agencies, government surveys you may have answered in the past, and private companies.
