

How to Get Started

- 1. REGISTER :** Before users can use the eLandings system to report landing or production report data, they must request authorization to use the system and reserve a UserID and password. A UserID will be activated after a signed registration form is submitted to: NMFS/RAM eLandings Registration, PO Box 21668, Juneau, AK 99802, and approved.
- 2. LOGIN :** The eLandings system will allow registered users to submit landing and production reports. Users can submit their landing and production report data to all of the mandated agencies through a series of eLandings web pages. Users can also import data in a specified XML format via the eLandings web site.

No Internet Connection?

- **Do not have access to the internet?** : A processor workstation is available to clients, like catcher/processors, who are not connected to the internet. Please email: eLandings@alaska.gov for more information.
- **Temporarily disconnected from the internet?**
 - Follow these [instructions](#) for landing procedures in the event of a temporary outage.
 - **PLEASE: Keep several printed copies of the interim salmon eLandings report forms on hand, so you have it when your internet connection is not working!**

Note : eLandings will not be available from 4:00 - 4:15 a.m. daily due to routine maintenance.

Questions?

eLandings is the Interagency Electronic Reporting System for reporting commercial fishery landings in Alaska. eLandings is used to report landings and/or production data for groundfish, IFQ/CDQ halibut and sablefish, and IFQ/CDQ crab and Community of Adak golden king crab. In the future, the system will include landings for shellfish and salmon. This system is a collaborative effort of the Alaska Department of Fish and Game, the International Pacific Halibut Commission, and the NOAA Fisheries.
