---

Please describe, in your own words, the event during which the participant experienced distress. Please describe

- 1) where the event took place (for example, the participant's apartment)
  - 2) the distressed behaviors that the participant exhibited
  - 3) how you responded to those behaviors
  - 4) the participant's state of mind when you last saw them (for example, were they still in distress?)
  - 5) any other observations that may be relevant to the event
-
