

**Justification for Non-Substantive Changes for Form SSA-4162**  
**Child Dropout Questionnaire**  
**20 CFR 404.211**  
**OMB No. 0960-0474**

**Background**

Section 215(b)(2)(A) of the *Social Security Act* and 20 CFR 404.211(e)(4) of the *Code of Federal Regulations* permit the exclusion of years from the computation period during which individuals were living with their own (or their spouse's) child under age 3 and has zero earnings in the benefit computation years. We refer to this exclusion as the child-care dropout years, and it applies to disability benefit computations.

SSA recently reassessed the need for the respondent's signature on this form and determined that we no longer require it. Therefore, we are removing the signature requirement from this form.

**Revision to the Information Collection**

- **Change #1:** SSA is removing the signature requirement from Form SSA-4162

**Justification #1:** We reassessed the need for a wet signature on this form and determined we no longer require it. Therefore, we will no longer ask respondents to sign this form prior to submitting it to SSA.

- **Change #2:** We are replacing the Penalty of Perjury Statement with a Penalty of Perjury Warning: *Anyone who knowingly makes or causes to be made a false statement or representation of material fact for use in determining a payment under the Social Security Act, or knowingly conceals or fails to disclose an event with an intent to affect an initial or continued right to payment, or submits or causes to be submitted any false statement or document knowing the same to contain any misrepresentation of material fact, commits a crime punishable under Federal law by fine, imprisonment, or both, and may be subject to administrative sanctions.*

**Justification #2:** The Penalty of Perjury Statement is directly connected to the signature and needs to be removed since a signature is no longer required. However, to maintain the intent of that statement, it will be replaced with a Penalty of Perjury Warning.

After OMB approves the signature removal for this form, we will implement the new version of the form that clarifies that we no longer require a signature by removing the signature block.

This action will not affect the public reporting burden.
