Definitions

TaOA - Training and Other Activities (TaOA) is one of three grant types that support the TAA program with the other two funding Trade Readjustment Allowance (TRA) and Reemployment Trade Adjustment Assistance (RTAA) benefits. The TaOA grant is three year funds and has components of administration, case management, job search and relocation, and training funds. Cost classification requirements are described in 20 CFR 618.860(b).

FTE - Full-Time Equivalent workers. Staff who work less than full time or split their time between the TAA program and other programs should be recorded by the portion of time they spend on the TAA program. For example, a staff member who is full time but only spends half their time on TAA should be recorded as 0.5 FTE. FTE should be counted if they are funded by a current TaOA grant. If the state does not currently have an applicable TaOA grant, they should report based on who be funded by such a grant.

TAA Merit FTE - TAA Merit FTE are the subset of FTE (above) that meet the definition of merit staffing under 5 CFR 900.604, which are generally state employees hired through a merit-based hiring system and meeting certain standards of training and fair treatment.

Local Office - A comprehensive or affiliate one-stop center.

Region - A sub-state group of local offices or geographic area for administrative purposes for the TAA program. This may or may not be the same as regional designations under other programs.

Fiscal - This is the state unit or office that generates fiscal reporting such providing information to be entered on the ETA-9130 form.
