

OFCCP is proposing to edit the Company Information section of the Contractor Portal to include the following fields:

**Parent Company Fields**

*The system will ask if the parent company has at least one Unique Entity Identifier (UEI). If the user selects “yes” to the UEI inquiry, the following prompts will appear:*

Does the parent company have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Provide the UEI.\* Note: If the parent company has more than one UEI, list only one UEI. Any UEI issued to the parent company is acceptable.

*If the user selects “no” to the UEI inquiry, the system will then ask if the parent company was previously issued a Data Universal Numbering System (DUNS) number. If the user responds “yes” to the DUNS inquiry, the following prompts will appear:*

Does the parent company have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Was the parent company previously issued a Data Universal Numbering System (DUNS) number?\*

Yes  No

Provide the DUNS Number.\* Note: If the parent company has more than one DUNS number, only list one DUNS number. Any DUNS number issued to the parent company is acceptable.

*If the user responds “no” to the DUNS inquiry, the system will not request any additional information regarding the parent company’s UEI or DUNS number:*

Does the parent company have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Was the parent company previously issued a Data Universal Numbering System (DUNS) number?\*

Yes  No

## **Establishment Fields<sup>1</sup>**

*The system will ask if the establishment has at least one Unique Entity Identifier (UEI). If the user selects “yes” to the UEI inquiry, the following prompts will appear:*

Does the establishment have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Provide the UEI.\* Note: If the establishment has more than one UEI, list only one UEI. Any UEI issued to the establishment is acceptable.

*If the user selects “no” to the UEI inquiry, the system will then ask if the establishment was previously issued a Data Universal Numbering System (DUNS) number. If the user responds “yes” to the DUNS inquiry, the following prompts will appear:*

Does the establishment have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Was the establishment previously issued a Data Universal Numbering System (DUNS) number?\*

Yes  No

Provide the DUNS Number.\* Note: If the establishment has more than one DUNS number, only list one DUNS. Any DUNS issued to the establishment is acceptable.

*If the user responds “no” to the DUNS inquiry, the system will not request any additional information regarding the establishment’s UEI or DUNS number.*

Does the establishment have at least one Unique Entity Identifier (UEI)?\*

Yes  No

Was the establishment previously issued a Data Universal Numbering System (DUNS) number?\*

Yes  No

<sup>1</sup> If filling out information for a functional/business unit, the user will not be required to provide UEI information for establishments. See Section 8 of supporting statement. If a user has some employees covered under FAAPs and some covered under establishment-based AAPs, it will only be required to respond to these prompts for its establishments.
