

Interviews: Employers Offering Jobs or Internships to SWTCIE Participants

Thank you for taking the time to speak with me today. My name is ____ and I work for Mathematica, an independent research firm. I'm joined by my colleague ____, who will be taking notes. Mathematica has been contracted by the US Department of Education's Rehabilitation Services Administration to conduct the national evaluation of the Disability Innovation Fund Demonstration's Subminimum Wage to Competitive Integrated Employment projects, which is referred to as the [grantee-specific project name] in your state.

The purpose of our discussion is to learn about project implementation during the first year of the demonstration. We would also like to hear your perspective on the tasks and supports offered to SWTCIE interns or employees. In addition, we would like to understand changes made by your organization to promote competitive integrated employment. I encourage you to speak openly and share examples from your direct experience. When doing so, I would like to ask that you refrain from using individual's actual names, such as participants and colleagues, during our discussion.

Your responses will be combined with the responses of other respondents and no individual names will be reported. Does anyone have any questions before we get started?

I would like to record the discussion to make sure I do not miss anything you share. The notes and recording will be used for notetaking only and will not be shared with anyone outside the study team. Is it okay with you that we record this conversation?

[If participant consents:] I will turn on the recording now but let me know if you would like me to stop recording at any time.

For our records, can you please indicate if you consent to participating in this discussion by stating “I consent to participating”?
