

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2030-0051). Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 30 minutes per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to Director, Information Engagement Division, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Campus RainWorks Survey

Questions for Teams/Advisors

Based on your experience in the Campus RainWorks competition, please provide short responses to the questions below.

1. Besides the prize, what were the top two motivators for your team to participate in the Campus RainWorks Challenge?
2. As a follow up question, what were the top two barriers you had to overcome to participate?
3. Which of the Challenge criteria was hardest to meet?
4. Please provide at least one idea that is not monetary that would encourage additional teams to participate in the Challenge.
5. How have you applied Campus Rainworks to your studies and/or job upon graduation?
6. Is there additional technical support or guidance that student teams would have liked to have available on the EPA National Stormwater Calculator (or other modeling tools) to support their design projects?

Questions for Judges

Based on your experience in the Campus RainWorks competition, please provide short responses to the questions below.

1. Please provide the most positive and negative experiences in your participation as a judge for the Campus RainWorks Challenge.
2. In your opinion, is the Challenge criteria too easy or too hard? Why or why not?
3. Do you think the criteria is properly weighted for evaluation? If not, how would you change it?

4. What additional criteria do you think EPA should consider for either category (Demonstration Project or Master Plan)?
5. Please provide at least one idea to help improve the Campus RainWorks Challenge for both participants and judges.
