Q9 Introductory script: Hello, my name is __. Thank you for agreeing to speak about your experience with the SNEP Network. This phone interview is intended to help us understand how we can improve our technical assistance and our effectiveness building community capacity to address stormwater, watershed management, and climate resilience challenges. We anticipate that this interview will take 15 minutes or less, depending on your appetite for discussion and time limitations. I will read questions out loud and list out multiple response options. If possible, we would like to record this call to ensure we capture all your feedback. May I proceed?

_____

Q10 Please briefly describe your project and the assistance you received from the SNEP Network. What were the primary challenges and needs you hoped to address by working with the SNEP Network?

_____

_____

Q11 How many staff hours would you estimate that you spent on the project?

O input number, round to 0.5 (1) _____

_____

Q12 To what extent do you agree or disagree with the following statement: Assistance from the SNEP network increased my community's ability to address stormwater or watershed management challenges.

O Strongly agree (1)

O Somewhat agree (2)

O Neither agree nor disagree (3)

O Somewhat disagree (4)

O Strongly disagree (5)

_____

Q13 To what extent do you agree or disagree with the following statement: Assistance from the network is prompting further action in our community to advance respective community goals

○ Strongly agree (1)

○ Somewhat agree (2)

○ Neither agree nor disagree (3)

○ Somewhat disagree (4)

○ Strongly disagree (5)

Display This Question:

If Q13 = Strongly agree

Or Q13 = Somewhat agree

Q14 What action or actions is your community planning to take as a result of your SNEP Network assistance?

_____

Q15 To what extent do you agree or disagree with the following statement: Working with the SNEP Network expanded our partnerships and organizational connections.

○ Strongly agree (1)

○ Somewhat agree (2)

○ Neither agree nor disagree (3)

○ Somewhat disagree (4)

○ Strongly disagree (5)

Q16 What sorts of resources were leveraged by collaborating with other organizations?

_____

Q17 To what extent you do you agree or disagree with the following statement: Working with the SNEP Network increased our access to financing and funding mechanisms.

O Strongly agree (1)

O Somewhat agree (2)

O Neither agree nor disagree (3)

O Somewhat disagree (4)

O Strongly disagree (5)

Q18 How did Network support increase your access to financing and funding mechanisms?

_____

_____

_____

_____

_____

Q19 For Bylaw review only: Have you completed a bylaw review as a result of your SNEP Network work?

O Yes (1)

O No (2)

Q20 If no, are you planning on completing a bylaw review.

O Click to write Choice 1 (1)

O Click to write Choice 2 (2)

O Click to write Choice 3 (3)

Q21 To what extent you do you agree or disagree with the following statement: I would recommend working with the SNEP Network to another organization or community.

O Strongly agree (1)

O Somewhat agree (2)

O Neither agree nor disagree (3)

O Somewhat disagree (4)

O Strongly disagree (5)

Q22 As a result of working with the SNEP Network, do you have a shovel-ready project ready for implementation?

○ We have a shovel-ready project and have secured funding (1)

○ We have a shovel-read project and will be seeking funding (2)

○ We have a project that is ready for preliminary design (3)

○ We have a project idea that needs further development (4)

○ We do not have a clear sense of the next steps for our project (5)

Display This Question:
 If Q6 = LID, Open Space Planning, or specific work on a GI ordinance
