This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2030-0051). Responses to this collection of information are voluntary (40 CFR). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 15-30 minutes per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Post-Assessment of CHAs-in-Training

Please answer the questions as well as you can. If you do not know an answer, it is **OK to write** "Don't Know". If you don't understand any one question fully, please move on to the next question and come back to it and ask us for clarification.

Knowledge

1. Which of these are true about the Duwamish River as a contaminated site (Superfund Site)? (circle all that apply)
