**TITLE OF INFORMATION COLLECTION:**

Groundwork USA Nonprofit Technical Assistance Grant Satisfaction Surveys

**PURPOSE:**

EPA’s Office of Brownfields and Land Revitalization awarded a four-year cooperative agreement to Groundwork USA to provide technical assistance to nonprofits in brownfields communities. Throughout the grant, the cooperative agreement recipient will provide direct technical assistance via webinars, workshops, and coaching cohorts.

The goal of this customer satisfaction survey is to collect feedback and information on the technical assistance provided. Feedback collected will be analyzed and reviewed to identify efficacy of technical assistance. In addition, the information will inform new opportunities for enhancing technical assistance opportunities. Surveys may be provided prior to or after a technical assistance event.

**DESCRIPTION OF RESPONDENTS:**

Respondents to the satisfaction survey include brownfields grantees or potential grantees who have received specialized technical assistance from Groundwork USA to support their brownfields projects.

Respondents are representatives from communities affected by brownfields. In particular, given that this technical assistance cooperative agreement is specific to nonprofits, respondents should be from or have some affiliation with a nonprofit supporting a brownfields project.
