

a collaboration with LPCs and other regional partners to develop one of the nation's most comprehensive publicly accessible EV fast charging networks. TVA also works with LPCs to offer affordable rate options for public EV fast charging that remove demand charges and are designed to accelerate public and private investment in EV infrastructure. Additionally, TVA is focused on increasing awareness and education of electric transportation through resources to educate and support residents with their residential, commercial, and public charging needs.

EV programs are executed in conjunction with and support from LPCs based on the unique relationship between TVA and its wholesale customers and because EV charging deployment occurs at the distribution level. TVA will continue to promote EV adoption in a manner that is consistent with TVA's obligations under the TVA Act. The proposed electric vehicle charging programs standard under consideration was revised to build on existing efforts of TVA and LPCs and to account for the respective roles of TVA and LPCs. TVA will also continue to examine and develop other programs that promote adoption of EVs, including consideration in future rate actions and various energy programs.

III. Determination by the TVA Board

The standard under consideration is revised and adopted as follows:

TVA will continue to leverage its role as a leader in innovation and economic development for the benefit of the Tennessee Valley region. As the wholesale provider of electric power to local power companies (LPCs) that distribute TVA power, TVA will serve as a catalyst for electric vehicle adoption. TVA will also continue to collaborate with LPCs to ensure that affordable energy is available for residential, commercial, and public customers consistent with the requirements of the TVA Act. The public power model will provide the foundation for an improved customer charging experience and competitive charging market to expand electric vehicle adoption in the Tennessee Valley.

Federal Aviation Administration

[Docket No. FAA-2024-1228]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Passenger Facility Charge (PFC) Application

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves the FAA's administration of the Passenger Facility Charge (PFC) program. The information to be collected will be used to authorize public agencies to impose PFCs and use PFC revenue on airport-related projects and to ensure compliance with PFC program requirements.

DATES: Written comments should be submitted by June 25, 2024.

ADDRESSES: Please send written comments.

By Electronic Docket: www.regulations.gov (Enter docket number into search field).

By mail: Denise Roper, Office of Airport Planning and Programming, Federal Aviation Administration, 800 Independence Ave. SW, Suite 620, Washington, DC 20591.

By fax: 202-267-5302.

Amanda J Shotto by email at: amanda.j.shotto@faa.gov; phone: 202-267-8744.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d)

ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0557.

Title: Passenger Facility Charge (PFC) Application.

Form Numbers: FAA Form 5500-1.

Type of Review: Renewal of an information collection.

Background: The DOT/FAA will use any information submitted in response to this collection to carry out the intent of 49 U.S.C. 40117. This statute authorizes public agencies controlling airports to impose PFCs and use PFC revenues. The information collected enables the FAA to approve the collection of PFC revenue for projects which preserve or enhance safety, security, or capacity of the national air transportation system, or which reduce noise or mitigate noise impacts resulting from an airport, or which furnish opportunities for enhanced competition between or among air carriers, and to provide oversight of the PFC program, as required by statute.

Respondents: Approximately 615 respondents annually.

Frequency: On occasion.

Estimated Average Burden per

Response: 2 Hours.

Estimated Total Annual Burden: 33,014 Hours.

Issued in Washington, DC, on April 22, 2024.

David F. Cushing,

Manager, Airports Financial Assistance Division, APP-500.

Title: Fixed Residential Moving Cost Schedule.

OMB Control: 2125–0616.

Background: Relocation assistance payments to owners and tenants who move personal property for a Federal or federally assisted program or project are governed by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (Uniform Act). 49 Code of Federal Regulations (CFR), part 24, is the implementing regulation for the Uniform Act. 49 CFR 24.301 addresses payments for actual and reasonable moving and related expenses. The fixed residential moving cost schedule is an administrative alternative to reimbursement of actual moving costs addressed in 49 CFR 24.302. This option provides flexibility for the agency and affected property owners and tenants. The FHWA requests the State Departments of Transportation (State DOTs) to analyze moving cost data periodically to assure that the fixed residential moving cost schedules accurately reflect reasonable moving

and related expenses. The regulation allows State DOTs flexibility in determining how to collect the cost data in order to reduce the burden of government regulation. Updated State fixed residential moving costs are submitted to the FHWA electronically.

Respondents: 56 respondents (50 State DOTs, District of Columbia, Puerto Rico, Guam, American Samoa, N Marina Island, and the Virgin Islands).

Frequency: Once every 3 years.

Estimated Average Burden per Response: 24 hours per respondent.

Estimated Total Annual Burden Hours: 56 respondents × 24 hours = 1,344 burden total burden hours, once every 3 years, or 448 hours annually.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on: April 23, 2024.
