### **FCC Notice Required By The Paperwork Reduction Act**

The number of hours it will take to respond to the collection will vary depending on whether the Applicant is required to file responses to the Standard Questions for an Applicant with reportable foreign ownership with the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee). We have estimated that on average each response to this collection of information for an international section 214 authorization will be 9 hours for in-house and outside counsel. If the Applicant is required to file responses to the Standard Questions with the Committee the average will be 130 hours (9 hours for the substantive application, 120 hours to respond to the Standard Questions and 1 hour to file the responses with the Committee). Our estimate includes the time to read the instructions, look through existing records, gather and maintain the required data, and actually complete and review the form or response. If you have any comments on this burden estimate, or on how we can improve the collection and reduce the burden it causes you, please e-mail them to [pra@fcc.gov](mailto:pra@fcc.gov) or send them to the Federal Communications Commission, AMDPERM, Paperwork Reduction Project (3060-0404), Washington, DC 20554. Please DO NOT SEND COMPLETED APPLICATIONS TO THIS ADDRESS.

The Applicant is not required to respond to a collection of information sponsored by the Federal government (and the government may not conduct or sponsor this collection, without displaying a currently valid OMB control number) if we fail to provide you with this notice. This collection has been assigned an OMB control number of 3060-0404. This notice is required by the Paperwork Reduction Act of 1995, P.L. 104-13, October 1, 1995, 44 U.S.C. Section 3507.
