1. This is an application for modification of file number [The Applicant fills in the file number].
2. The Applicant must attach a narrative statement describing the changes to the application being made in this modification. (check box)

[[The system brings up the license (SCL-LIC or SCL-MOD) to be modified with each answer pre-populated from the application as it was filed, except for the (1) application description, (2) Certification Statements check boxes, and (3) signature block.

The Applicant then makes changes as necessary.]]

- We use all tabs currently on the back end of IBFS except “Conditions”; we don’t need that one.
- If possible, please show/highlight what changes were made/what’s different from parent application so it’s easily accessible for FCC users.
