Cable Landing License Information

Item 1. Provide the name and AuthID/File numbers (SCL-LIC, SCL-MOD) for the cable system for which you want to renew the license:

(a) Name of Cable System	(b) AuthID/File Numbers
Fill in text box	Text box allowing Applicant to enter both call signs and file numbers. Validation checks

Item 2. Provide the date the cable system went into service.

[Field to enter in a date. Validation check; if date entered is prior to 25 years before current date, open the following statement: “Submit in an attachment an explanation as to why the renewal application was not filed with the Commission prior to the expiration of the current license.” **[checkbox to acknowledge]**]

Item 3. Is the Applicant(s) requesting a renewal of the cable landing license for a full 25-year term?

Yes **(checkbox)**

No **(checkbox)** If the Applicant(s) is seeking to extend the license for a period shorter than 25 years, provide the length of the extension being requested. **[text box]**

Item 4. Applicant must upload a narrative statement explaining any proposed changes to the cable license (e.g., addition or deletion of cable system owners). **(checkbox)**

[[The system brings up the license (SCL-LIC or SCL-MOD) to be renewed with each answer pre-populated from the application as it was filed, except for the (1) application description, (2) Certification Statements check boxes, and (3) signature block.

The Applicant then makes changes as necessary.]]
