Instrument 4. Grantee Learning Opportunities Quarterly Survey

The National Endowment for the Arts is conducting an evaluation of ArtsHERE to better understand the project activities supported through this program and how grantees approached the work. As part of the evaluation, this required quarterly survey is an opportunity to learn about your organization's experiences with ArtsHERE learning opportunities.

The term "learning opportunities" refers to any type of topic-based workshop, one-on-one coaching, or consultation with ArtsHERE coaches, and peer cohort convenings provided to increase the knowledge, skills, connections, and/or capacity of grantee organizations to work toward their project and organizational goals.

As an ArtsHERE grantee organization, your participation in this quarterly survey is required. Your organization's feedback will be used to help ArtsHERE funders (Regional Arts Organizations and the NEA) better respond to grantees' needs and improve the ArtsHERE program.

These data will be made available to the program Evaluator and will not be shared with the NEA, South Arts, and RAOs except as described below. Information collected for evaluation purposes, including individual information deemed sensitive in nature, is considered confidential and will remain anonymous and private to the extent permitted by law. When results of the ArtsHERE evaluation are shared with the public via reports, presentations, and other materials, these results will only be shared in aggregate form (percentages, means, summaries) to protect the identity of participants. Any subject-identifiable information (including names, contact information, etc.) will not be released without a participant's explicit permission. The Evaluator may ask to identify a participant to attribute direct quotes or case studies to it in reports, presentations, or other materials, and the participant may choose to remain anonymous.

Reporting on grant activities, including annual progress and final reports, and completing forms or surveys intended to collect information or feedback that can inform ArtsHERE services will be required of all grantees. **Your responses in this survey** will not impact your current or future awards from the NEA or its partners. You will not receive any compensation for responding to the survey. You may decline to answer any question you wish. Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The OMB control number for this survey is OMB No. 3135-XXXX, which expires XX/XX/XXX.

We realize how limited your time is; the survey should take an average of 15 minutes to complete.

If you have any questions, please contact Dr. Patricia Moore Shaffer, lead for the evaluation, at shafferp@arts.gov.
