

Performance Reporting System as required in this part of the regulations. The staff used to conduct QC reviews shall not have prior knowledge of either the household or the decision under review. Where there is prior knowledge, the reviewer must disqualify her/himself. Prior knowledge is defined as having:

(1) Taken any part in the decision that has been made in the case; (2) any discussion of the case with staff who participated in the decision; or (3) any personal knowledge of or acquaintance with persons in the case itself. To ensure no prior knowledge on the part of QC or ME reviewers, local project area staff shall not be used to conduct QC or ME reviews; exceptions to this requirement concerning local level staff may be granted with prior approval from FNS. However, local personnel shall not, under any circumstances, participate in ME reviews of their own project areas.

[Amdt. 160, 45 FR 15898, Mar. 11, 1980, as amended by Amdt. 266, 52 FR 3407, Feb. 4, 1987]

§ 275.3 Federal monitoring.

The Food and Nutrition Service shall conduct the review described in this section to determine whether a State agency is operating the Food Stamp Program and the Performance Reporting System in accordance with program requirements. The Federal reviewer may consolidate the scheduling and conduct of these reviews to reduce the frequency of entry into the State agency. FNS regional offices will conduct additional reviews to examine State agency and project area operations, as considered necessary to determine compliance with program requirements. FNS shall notify the State agency of any deficiencies detected in program or system operations. Any deficiencies detected in program or system operations which do not necessitate long range analytical and evaluative measures for corrective action development shall be immediately corrected by the State agency. Within 60 days of receipt of the findings of each review established below, State agencies shall develop corrective action addressing all other deficiencies detected in either program or system operations

and shall ensure that the State agency's own corrective action plan is amended and that FNS is provided this information at the time of the next formal semiannual update to the State agency's Corrective Action Plan, as required in § 275.17.

(a) *Reviews of State Agency's Administration/Operation of the Food Stamp Program.* FNS shall conduct an annual review of certain functions performed at the State agency level in the administration/operation of the program. FNS will designate specific areas required to be reviewed each fiscal year.

(b) *Reviews of State Agency's Management Evaluation System.* FNS will review each State agency's management evaluation system on a biennial basis; however, FNS may review a State agency's management evaluation system on a more frequent basis if a regular review reveals serious deficiencies in the ME system. The ME review will include but not be limited to a determination of whether or not the State agency is complying with FNS regulations, an assessment of the State agency's methods and procedures for conducting ME reviews, and an assessment of the data collected by the State agency in conducting the reviews.

(c) *Validation of State Agency error rates.* FNS shall validate each State agency's payment error rate and underissuance error rate, as described in § 275.23(c), during each annual quality control review period. Federal validation reviews shall be conducted by reviewing against the Food Stamp Act and the regulations, taking into account any FNS-authorized waivers to deviate from specific regulatory provisions. FNS must validate the State agency's negative case error rate, as described in § 275.23(d), when the State agency's payment error rate for an annual review period appears to entitle it to an increased share of Federal administrative funding for that period as outlined in § 277.4(b)(2) of this chapter, and its reported negative case error rate for that period is less than two percentage points above the national weighted mean negative case error rate for the prior fiscal year. However, this requirement will not preclude the Federal review of any negative case for other reasons as determined appropriate by

§ 275.3

FNS. Any deficiencies detected in a State agency’s QC system shall be included in the State agency’s corrective action plan. The findings of validation reviews shall be used as outlined in § 275.23(e)(6).

(1) *Payment error rate.* The validation review of each State agency’s payment error rate shall consist of the following actions:

(i) FNS will select a subsample of a State agency’s completed active cases, as follows:

(A) For State agencies that determine their active sample sizes in accordance with § 275.11(b)(1)(ii), the Federal review sample for completed active cases is determined as follows:

Average monthly reviewable caseload (N)	Federal subsample target (n’)
31,489 and over	n’=400
10,001 to 31,488	n’=.011634 N+33.66
10,000 and under	n’=150

(B) For State agencies that determine their active sample sizes in accordance with § 275.11(b)(1)(iii), the Federal review sample for completed active cases is determined as follows:

Average monthly reviewable caseload (N)	Federal subsample target (n’)
60,000 and over	n’=400
10,001 to 59,999	n’=.005 N+100
10,000 and under	n’=150

(C) In the above formula, n’ is the minimum number of Federal review sample cases which must be selected when conducting a validation review, except that FNS may select a lower number of sample cases if:

(1) The State agency does not report a change in sampling procedures associated with a revision in its required sample size within 10 days of effecting the change; and/or

(2) The State agency does not complete the number of case reviews specified in its approved sampling plan.

(D) The reduction in the number of Federal cases selected will be equal to the number of cases that would have been selected had the Federal sampling interval been applied to the State agency’s shortfall in its required sample size. This number may not be exact due to random starts and rounding.

(E) In the above formula, N is the State agency’s minimum active case

sample size as determined in accordance with § 275.11(b)(1).

(ii) FNS Regional Offices will conduct case record reviews to the extent necessary to determine the accuracy of the State agency’s findings using the household’s certification records and the State agency’s QC records as the basis of determination. The FNS Regional Office may choose to verify any aspects of a State agency’s QC findings through telephone interviews with participants or collateral contacts. In addition, the FNS Regional Office may choose to conduct field investigations to the extent necessary.

(iii) Upon the request of a State agency, the appropriate FNS Regional Office will assist the State agency in completing active cases reported as not completed due to household refusal to cooperate.

(iv) FNS will also review the State agency’s sampling procedures, estimation procedures, and the State agency’s system for data management to ensure compliance with §§ 275.11 and 275.12.

(v) FNS validation reviews of the State agency’s active sample cases will be conducted on an ongoing basis as the State agency reports the findings for individual cases and supplies the necessary case records. FNS will begin the remainder of each State agency’s validation review as soon as possible after the State agency has supplied the necessary information regarding its sample and review activity.

(2) *Underissuance error rate.* The validation review of each State agency’s underissuance error rate shall occur as a result of the Federal validation of the State agency’s payment error rate as outlined in paragraph (c)(1) of this section.

(3) *Negative case error rate.* The validation review of each State agency’s negative case error rate shall consist of the following actions:

(i) FNS will select a subsample of a State agency’s completed negative cases, as follows:

Average monthly reviewable negative caseload (N)	Federal subsample target (n’)
5,000 and over	n’=160
501 to 4,999	n’=.0188 N+65.7
Under 500	n’=75

§ 275.3

(A) In the above formula, *n*' is the minimum number of Federal review sample cases which must be selected when conducting a validation review, except that FNS may select a lower number of sample cases if:

(1) The State agency does not report a change in sampling procedures associated with a revision in its required sample size within 10 days of effecting the change; and/or

(2) The State agency does not complete the number of case reviews specified in its approved sampling plan.

(B) The reduction in the number of Federal cases selected will be equal to the number of cases that would have been selected had the Federal sampling interval been applied to the State agency's shortfall in its required sample size. This number may not be exact due to random starts and rounding.

(C) In the above formula, *N* is the State agency's minimum negative case sample size as determined in accordance with § 275.11(b)(2).

(ii) FNS Regional Offices will conduct case record reviews to the extent necessary to determine whether the household case record contained sufficient documentation to justify the State agency's QC findings of the correctness of the State agency's decision to deny, suspend or terminate a household's participation.

(iii) FNS will also review each State agency's negative case sampling and review procedures against the provisions of §§ 275.11 and 275.13.

(iv) FNS will begin each State agency's negative sample case validation review as soon as possible after the State agency has supplied the necessary information, including case records and information regarding its sample and review activity.

(4) *Arbitration.* (i) Whenever the State agency disagrees with the FNS regional office concerning individual QC case findings and the appropriateness of actions taken to dispose of an individual case, the State agency may request that the dispute be arbitrated on a case-by-case basis by an FNS Arbitrator, subject to the following limitations.

(A) The State agency may only request arbitration when the State agency's and FNS regional office's findings

or disposition of an individual QC case disagree.

(B) The arbitration review shall be limited to the point(s) within the Federal findings or disposition that the State agency disputes. However, if the arbitrator in the course of the review discovers a mathematical error in the computational sheet, the arbitration shall correct the error while calculating the allotment.

(ii) The FNS Arbitrator(s) shall be an individual or individuals who are not directly involved in the validation effort.

(iii) With the exception of the restrictions contained in paragraph (c)(4)(iii), for an arbitration request to be considered, it must be received by the appropriate FNS regional office within 20 calendar days of the date of receipt by the State agency of the regional office case findings. In the event the last day of this time period falls on a Saturday, Sunday, or Federal or State holiday, the period shall run to the end of the next work day. The State agency shall be restricted in its eligibility to request arbitration of an individual case if that case was not disposed of and the findings reported in accordance with the timeframes specified in § 275.21(b)(2). For each day late that a case was disposed of and the findings reported, the State agency shall have one less day to request arbitration of the case.

(iv) When the State agency requests arbitration, it shall submit all required documentation to the appropriate FNS regional office addressed to the attention of the FNS Arbitrator. The FNS regional office QC staff may submit an explanation of the Federal position regarding a case to the FNS Arbitrator.

(A) A complete request is one that contains all information necessary for the arbitrator to render an accurate, timely decision.

(B) If the State agency's request is not complete the arbitrator shall make a decision based solely on the available documents.

(v) The FNS Arbitrator shall have 20 calendar days from the date of receipt of a State agency's request for arbitration to review the case and make a decision.

§ 275.4

(5) *Household cooperation.* Households are required to cooperate with Federal QC reviewers. Refusal to cooperate shall result in termination of the household's eligibility. The Federal reviewer shall follow the procedures in § 275.12(g)(1)(ii) in order to determine whether a household is refusing to cooperate with the Federal QC reviewer. If the Federal reviewer determines that the household has refused to cooperate, as opposed to failed to cooperate, the household shall be reported to the State agency for termination of eligibility.

(d) *Assessment of Corrective Action.* (1) FNS will conduct will conduct a comprehensive annual assessment of a State agency's corrective action process by compiling all information relative to that State agency's corrective action efforts, including the State agency's system for data analysis and evaluation. The purpose of this assessment and review is to determine if: identified deficiencies are analyzed in terms of causes and magnitude and are properly included in either the State or Project Area/Management Unit corrective action plan; the State agency is implementing corrective actions according to the appropriate plan; target completion dates for reduction or elimination of deficiencies are being met; and, corrective actions are effective. In addition, FNS will examine the State agency's corrective action monitoring and evaluative efforts. The assessment of corrective action will be conducted at the State agency, project area, and local level offices, as necessary.

(2) In addition, FNS will conduct on-site reviews of selected corrective actions as frequently as considered necessary to ensure that State agencies are implementing proposed corrective actions within the timeframes specified in the State agency and/or Project Area/Management Unit corrective action plans and to determine the effectiveness of the corrective action. The on-site reviews will provide State agencies and FNS with a mechanism for early detection of problems in the corrective action process to minimize

§ 275.4 Record retention.

(a) The State agency shall maintain Performance Reporting System records to permit ready access to, and use of, these records. Performance Reporting System records include information used in data analysis and evaluation, corrective action plans, corrective action monitoring records in addition to ME review records and QC review records as explained in paragraphs (b) and (c) of this section. To be readily accessible, system records shall be retained and filed in an orderly fashion. Precautions should be taken to ensure that these records are retained without loss or destruction for the 3-year period required by these regulations. Information obtained on individual households for Performance Reporting System purposes shall be safeguarded in accordance with FNS policies on disclosure of information for the Food Stamp Program.

(b) ME review records consist of thorough documentation of review findings, sources from which information was obtained, procedures used to review Food Stamp Program requirements including sampling techniques and lists, and ME review plans. The State agency must submit documented evidence of review findings to the FNS Regional Office upon request for purposes of evaluating State corrective action plans.

(c) QC review records consist of Forms FNS-380, Worksheet for Integrated TANF, Food Stamps and Medicaid Quality Control Reviews, FNS-380-1, Integrated Review Schedule, FNS-245, Negative Quality Control Review Schedule, and Form FNS-248, Status of Sample Selection and Completion; other materials supporting the review decision; sample lists; sampling frames; tabulation sheets; and reports
