Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to Michael D. Tosatto, Regional Administrator, NMFS Pacific Islands Regional Office, 1845 Wasp Blvd., Bldg. 176, Honolulu HI 96818. Information submitted to NMFS will be managed as confidential data consistent with the requirements of NOAA Administrative Order 216-100, Section 506(d) of the WCPFC Implementation Act, and regulations under 50 CFR Part 300. Information submitted to the WCPFC will be subject to the procedures, policies, and practices adopted by the WCPFC, but NOAA and NMFS cannot provide any assurance of confidentiality. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

Privacy Act Statement:

Authority: The collection of this information is authorized under the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA; 16 U.S.C. 6901 et seq.).

Purpose: In order to fulfill obligations under the WCPFCIA, the NOAA National Marine Fisheries Service (NMFS) requires the submission of information for NMFS and the Western and Central Pacific Fisheries Commission (Commission) to monitor discards of the U.S. purse seine vessels fishing for highly migratory species in the Commission's area of competence for compliance-related and scientific purposes..

Routine Uses: The Department will use this information to collect information on discards. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a), to be shared within NMFS offices, in order to coordinate monitoring and management of sustainability of fisheries and protected resources, as well as with the applicable State or Regional Marine Fisheries Commissions and International Organizations. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice [COMMERCE/NOAA-6](#), Fishermen's Statistical Data.

Disclosure: Furnishing this information is mandatory.
