

Join the NIST Office of Advanced Manufacturing Teaming Partner List

OMB Control #0690-0038 | Expiration Date: 7/31/2026

The NIST Office of Advanced Manufacturing (OAM) is inviting entities that want to connect with potential collaborating entities to join a public teaming partner list. If you would like to be added to the list, please complete the form below. The results will be shared publicly.

Questions? Contact manufacturingusa@nist.gov, with "AI Institute for Manufacturing Resilience" in the subject line.

Disclaimer: By enabling this list, the NIST OAM is not endorsing, sponsoring, or otherwise evaluating the qualifications of the entities that are self-identifying for placement on the list. The NIST OAM will not pay for the provision of any information, nor will it compensate or preference any entity for the development of such information. Participation in the list is voluntary and does not bear any relation to, substitute, or replace the application requirements described in any NIST OAM Notice of Funding Opportunity.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0690-0038. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the National Institute of Standards and Technology at: 100 Bureau Drive, Mail Stop 4700.
