## PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

1. DOD INFORMATION SYSTEM/ELECTRONIC COLLECTION NAME:					
Measurement Assessment and Research System (MARS)					
2. DOD COMPONENT NAME:			3. PIA APPROVAL DATE:		
United States Army			02/19/21		
HQDA DCS-G1, U.S. Army Research Institute for the Behavioral and Social Sciences					
SECTION 1: PII DESCRIPTION SI	JMMA	RY (FOR PUBLIC RELEASE)			
a. The PII is: (Check one. Note: foreign nationals are included in general pub.	lic.)				
From members of the general public	X	From Federal employees and/or Fe	deral contractors		
From both members of the general public and Federal employees and/or Federal contractors		Not Collected (if checked proceed to	o Section 4)		
b. The PII is in a: (Check one)					
New DoD Information System	X	New Electronic Collection			
Existing DoD Information System		Existing Electronic Collection			
Significantly Modified DoD Information System					
c. Describe the purpose of this DoD information system or electronic co- collected in the system.	lectio	n and describe the types of person	al information about individuals		
anonymous. However, due to the safeguards in place, only those authorized (based on credentials and registration to the MARS system) to the particular survey can access that ID. Other types of data to be collected from survey, test, etc. takers may include names, position, rank, duty location, employment information and demographic information. EDIPI will also be collected on those using the system for verification, identification, and authentication.  d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)					
CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM: Current and former officer, warrant officer, and enlisted military personnel, including Army Reservists and National Guard; civilian employees or contractors of Department of Defense.  CATEGORIES OF RECORDS IN THE SYSTEM: Service member: Individual's name and EDIPI, Army personnel information and questionnaire-type data relating to service member's preservice education, work experience and social environment and culture, learning ability, physical performance, combat readiness, discipline, motivation, attitude about Army life, and measures of individual and organizational adjustments; personnel test responses.  Non-service member: Individual's name and questionnaire type data relating to non-service member's education, work experience, motivation, measures of individual and organizational adjustments, knowledge of and attitude about the Army. When records show military service or marriage to a service member, the appropriate non-service records will be linked to the service record.  MARS SYSTEM ADMIN USERS: EDIPI will also be collected on those using the system for verification, identification, and authentication; name, and DOD employee or contractor status.					
e. Do individuals have the opportunity to object to the collection of their PII?					
(1) If "Yes," describe the method by which individuals can object to the collection of PII.					
(2) If "No," state the reason why individuals cannot object to the collection of PII.					

A survey taker can object to the collection of their information when the PAS is presented to them, and they will not move forward with the survey. Respondents may also opt not to answer particular survey questions, and to stop taking the survey at any time. All surveys executed in the MARS application are voluntary. Each survey will have a tailored version of the ARI SORN Privacy Act Statement, and if considered							
	arch, an informed consent, in addition to the PAS.	ica versio	if of the ARI SORT Tilvaey Act Statement, and if considered				
f. Do individuals have the opportunity to consent to the specific uses of their PII? X Yes No  (1) If "Yes," describe the method by which individuals can give or withhold their consent.							
	If "No," state the reason why individuals cannot give or withhold their con-
